# ITALIA TROOPS RUSH TO WEST FRONT; GERMAN FORCES LOSE IN EVERY ATTACK

## HOUSE WILL RUSH NAVAL BILL; HASTEN MEN ABROAD

Representatives Cheer Decision  
to Set Aside Precedent and  
Provide for Prompt Dispatch  
of Troops to Aid U. S. Allies

## BIG APPROPRIATION TO BE PASSED SOON

Quartermaster's Department Is  
Preparing Equipment for An  
Army of 2,500,000 in 1918;  
Reorganization On Aircraft

WASHINGTON, April 19.—Warned that the troops "must be sent abroad," the House set aside Congressional precedent this afternoon and prepared to rush the naval appropriation bill to a vote within forty-eight hours. The bill carries appropriations totaling \$1,355,000,000. All of the appropriations, although made for the next fiscal year, are made immediately available in a general provision in the introduction of the measure.

Navy department officials have told me that this bill must be passed within forty-eight hours," Chairman Padgett of the naval affairs committee told the House. He asked that the day as usually consumed in general debate be set aside and the consideration of the bill under the five-minute rule begun immediately.

## BAKED EMPHASIS NECESSITY OF TROOPS

When the excitement that followed Padgett's urgent request had passed it was rumored in the chamber that facts brought back from France by Secretary Baker emphasized the necessity of sending all available men immediately to aid the allies.

## PREPARE TO EQUIP ARMY OF 2,500,000

The quartermaster-general's department is preparing equipment for an army of 2,500,000 in the field or training camps by the end of 1918, it developed today.

## "Buy Bonds," Slogan of Foreign Press in U. S.

WASHINGTON, April 19.—"Kaufte Freiheit; bonds." This is the appeal made to every reader of German language newspapers and magazines published in the United States these days in news and editorial columns and advertising pages.

"Buy Liberty Bonds," urged the editors in the language of America's enemies. Clippings displayed today at national Liberty loan headquarters indicated that the German language papers in this country are devoting proportionately more space to the preaching of the necessity for over-subscribing the loan as a means of defeating Germany than are other daily papers. Other foreign language papers are equally active on behalf of the war credit, including the Hungarian, Bulgarian and Turkish publications.

## Turks Are Closing In On City of Kars

LONDON, April 19.—On the Caucasus front the Turks in their invasion of former Russian territory are approaching the city of Kars, says an official statement issued at Constantinople on Wednesday.

## Mutiny Breaks Out in German Military Camp

(By United Press)  
AMSTERDAM, April 19.—Another mutiny occurred in the military camp at Beverloo in the province of Limburg, when German troops were ordered to the front, it was learned here today. Many soldiers were reported to have been shot. The trouble continues, it is said.

## WHOLE SCHOOL PARTICIPATES IN LOYALTY PROBE

Depositions of students, teachers and investigators who have probed the alleged pro-German propaganda in the Technical high school, as the result of which five teachers are under suspicion and several may face arrest, were taken today by the school authorities and sent across the bay to the department of justice. Until action is taken on the evidence by the federal authorities, Superintendent Fred Hunter has announced that no disciplinary will be ordered from the school.

"We want to give every accused teacher the full benefit of the doubt and a fair trial," said Assistant Superintendent E. Morris today. "If these teachers are proven guilty we want them not only removed from the department, but placed under arrest, as they would still be a menace if allowed to be about the city."

## GRAND JURY HAS DOUBTS ON ITS BOOKS

In connection with the school investigation it was learned today that more than forty complaints against teachers of disloyalty, pro-German activity, and other offenses, are being investigated by the federal grand jury next Tuesday. It is believed that the alleged "toasting of the Kaiser" at a recent dinner will be made the subject of inquiry and that several instances of open disloyalty will be probed.

According to the school authorities, the alleged pro-German ring in the Oakland schools is headed by a certain German teacher, who, they say, has practically admitted her guilt. When this teacher was questioned and asked to produce her loyalty, she is alleged to have retorted: "Do you want me to be a liar and a hypocrite?"

## REPORTS ARE ALLEGED TO HAVE DISAPPEARED

Another turn in the investigation today was the disappearance of reports regarding the alleged pro-German ring said to have been rendered at the school administrative office. Principal P. A. Fisher is believed to have been questioned by the Council of Defense.

## AMONG THE WITNESSES QUESTIONED AT LENGTH IN CONNECTION WITH THE AFFAIR WAS A CERTAIN TEACHER, A TEACHER OF GERMAN IN THE SCHOOL.

"We have been materially assisted in our investigations," said Cox, "by a number of teachers who, though they have been named, are true patriots and have proved their loyalty by coming forward with the evidence needed."

## NAMES AND EVIDENCE, SCHOOL AUTHORITIES STATE, WILL BE WITHHELD FROM THE PUBLIC UNTIL RELEASED BY THE FEDERAL AUTHORITIES.

## HUNTER HOLDS FORTH AGAINST PRUSSIANISM

Immediate removal of any school teacher who does not avow a belief that Prussianism is a menace to the world, and immediate formation of school organizations to further home gardens and other patriotic moves, were demanded by Superintendent Hunter today in an address to the San Francisco before the Second district of the California Congress of Mothers.

## Hunter held up Prussianism as a deadly menace to America and warned a confederation which destroyed the entire nation, the railroad stockyards and one residence. The loss was up- wards of \$100,000.

## Freight Train Burns at Freeport, Illinois

FREEPORT, Ill., April 19.—A merchandise train on the C. & M. & St. P. railroad was wrecked at Freeport station, near here, early today by the burning off of a boxcar journal. Two wrecked cars of gasoline started a conflagration which destroyed the entire train, the railroad stockyards and one residence. The loss was upwards of \$100,000.

## PARIS, April 19.—Rheims is com- pletely in ruins as a result of the German bombardment.

During the past week 100,000 enemy shells, including incendiary projectiles, have fallen within the city. One day alone 30,000 shells were thrown. The city is now a wilderness of scorched and blackened stones, with a few buildings still standing.

The Place Royale Theater and the Law Courts, like the ancient hotels, historic salons and the Maison de la Musique, are a mass of embers. The arched roofs of the famous cathedral are splitting and crumbling. Soon only the pillars will remain.

## FORTY PARIS FIREMEN STILL FIGHT FLAMES

Notwithstanding the terrible bombardment, forty Paris firemen sent to the relief of the city have not been recalled. Some of them have lost their lives. With them are some local firemen, one of whom, Sergeant Floel, has been on duty in Rheims since the outbreak of the war and has been wounded fourteen times.

One of the most historic and picturesque cities in Europe has thus been effaced by German frightfulness. Rheims had a population of more than 100,000 before the war. It was once a stronghold of the Romans and preserved much of the Roman architecture, including a beautiful triumphal arch. On the site of the former Roman fortifications fine boulevards were built.

The Rheims cathedral was one of the largest and most wonderful specimens of Gothic architecture in the thirteenth century. It had a facade containing the famous "Rose Window" and 500 statues. Its portals were richly adorned with sculptures. In this cathedral the French kings were crowned.

## ELEVENTH CENTURY ABBAY CHURCH

Next in importance to the cathedral was the large eleventh century abbey church of St. Remy. Other structures were the Archbishop's Episcopal palace, dating from the fifteenth century, in which was located a museum of sculpture, and the Hotel de Ville, containing a public museum and library of more than 80,000 volumes.

In January, 1917, Emperor William in response to a request from Pope Benedict said he would permit repairs to be made to the cathedral in his endeavor "to preserve from the terrors of war venerable places of religious worship and monuments of art which I consider as the common property of humanity."

The German military authorities have attempted to excuse the bombardment of the cathedral on the ground that it was being used for military purposes by the French. This claim has been denied repeatedly.

## Violates Espionage Act Given 5 Years

MINNEAPOLIS, April 19.—J. O. Bonet, candidate for governor on the Socialist ticket, found guilty Tuesday on charges of violating the espionage act, was sentenced to five years in Leavenworth prison by Judge Page Morris here today.

## Two Californians Killed in Action

Killed in action—R. Simpson, Los Angeles; L. B. Lawrence, Sierra Madre, Cal.; A. Dupre, Saco, Pa.; U. S. A.

## HUN DEAD IN PILES AFTER VAIN SMASH AT GIVENCHY

Exhausted by Failure to Cave  
Entente's Line Germans Re-  
main Quiet While British  
Re-establish Their Positions

## BATTLE FRONT MORE SECURE THAN IN DAYS

Arrival of the French Support  
Adds to English Valor; Gives  
Sense of Security and Spurs  
Britain's Troops to Defense

LONDON, April 19.—The German attack on the Givenchy-Robecq front, in which eleven divisions, or 125,000 men, participated, did not gain an inch, according to front despatches received here today. The German dead were heaped in piles.

Exhausted by the failure of yesterday's heavy attacks on the Givenchy-La Fosse canal front, the Germans made no further moves during the night and on the greater part of the Flanders battlefield quiet prevailed this morning.

The British re-established their line west of Robecq on the southwestern part of the Lys battlefield by recapturing ground at Rix du Vinage Farm yesterday afternoon.

Kemmel Hill, on the northerly side of the battle area, was still being heavily bombarded this morning in preparation for fresh assaults by the Germans.

## OTTAWA, Ont., April 19.—The British battle line is more secure than it has been for days, says a Reuter despatch from London today.

The change of German attack to the region between Givenchy and Robecq found no weak spot in the British resistance yesterday, the despatch says. There was only one point in the new battle area where the enemy gained anything, this being opposite the hill of Pisseux, where he succeeded in bridging LaBasse canal, but the only Germans who crossed came as prisoners.

## OBJECT OF ATTACK EVIDENT TO ALLIES

The new German attack in the direction of Bethune, the despatch continues, "is obviously intended to protect his flanks if he wishes to drive further northward. The enemy is trying to secure LaBasse canal with the objective of regaining his troops around Baillieu and simultaneously imperiling the British in the French coal field near Bethune."

The arrival of French support is regarded as most important. They are described as splendidly seasoned men. The sight of the long blue lines marching up the roads gave the British a fresh sense of security and the news of the French aggressive stroke south of Amiens still heartened the anxious watchers at home. The British withdrawal east of Ypres was due to the German advance from the south along the Lys valley threatening the British position. The distance that this army would have to retreat if the enemy looked like breaking through the Castel-Kemmel line and heights has been reduced. The fighting shows the enemy looks like breaking through than it did, and although the retirement in the Ypres sector is regrettable, yet they are no nearer to securing possession of the important heights between them and the coast. They failed to get Givenchy and are still no nearer Hazebrouck, whose capture is necessary to the enemy plan.

## MOW DOWN GERMANS AT MOUNT KEMMEL

"Before Mount Kemmel, the rugged wood hill that has already cost the enemy so dearly, their masses are advancing openly and are moved down. The enemy here is trying to break a way toward the Ypres west of Pisseux. Although we have abandoned Meteren and Witschaete, the enemy's position is most uncomfortable."

The German outposts were unable to advance beyond the north side of Meteren. It cannot be said that the general situation is less anxious, but there is undoubtedly increasing confidence in the unity of command. Germany itself is preaching the necessity of huge indemnities from the western powers in addition to annihilation.

## While Haig Is Rolling Up Foe in North, Foch Hurls Deadly Drive at Castel

(By Associated Press)  
LONDON, April 19.—The Germans were completely repulsed in the attack they launched yesterday around Givenchy on the southern side of the Lys battle front, the war office announced today. When the assaults ceased after heavy losses, the enemy had only been able to secure a limited footing at one or two points of the more advanced British defenses. Attacks on the British lines on the northern part of the Lys and south of Kemmel were successfully repulsed.

There was no change in the situation along the entire British front during the night, which passed in comparative quiet with the exception of activity by the artillery on both sides.

## MANIFESTO ASKS IRISH TO RESIST CONSCRIPTION

DUBLIN, April 19.—A manifesto declaring Irish conscription is a "violation of the rights of small nations" has been issued by a conference of Irish party, Sinn Fein and Irish labor leaders. The manifesto exhorts the Irish people to the utmost resistance.

LONDON, April 19.—The manifesto bill, extending military conscription to Ireland, is today a law, and the government will carry out its provisions without any delay.

It took the bill just ten days to pass through all of the parliamentary stages and to receive royal assent, despite the fact that it is one of the most important that has received the attention of the two houses in years.

Considerable hostility against the Irish clause has developed in some parts of Ireland and Field Marshal French, commander-in-chief of the home forces, has gone to Dublin with his staff to make a personal inspection of the situation.

The leaders of the Nationalists in Ireland, including the Redmondites, who are now led by John Dillon; the Sinn Feiners, O'Brienites, Laborites and Clericals, are united in their determination to resist conscription "by the most effective means at our disposal," which is the wording of a resolution passed at a meeting of bishops at Maynooth.

The Labor Council at Sydney, N. S. W., has adopted a resolution to send a cable message to Premier Lloyd George requesting the British government to reconsider its decision to apply conscription to Ireland, says an Exchange Telegraph despatch from the Australian city. The ground for the objection is that the conscription measure is considered unjust and that it would cause grave complications.

## Court Frees Professor and Young Affinity Resigns U.S. Office; Gives No Reasons

BY UNITED PRESS.  
LEASED WIRE TO TRIBUNE.

CHICAGO, April 19.—The case against Professor W. I. Thomas and Mrs. Pearl Granger was dismissed in the morals court here today when the city prosecutor's office failed to substantiate charges of disorderly conduct against the couple.

At the last moment Assistant City Prosecutor H. W. Starr switched the charge to breach of the peace after describing the finding of the former University of Chicago sociologist and the "army widow" in a downtown hotel room. Judge Graham dismissed the case, merely observing, "I think I shall discharge the defendants."

Attorney Clarence Darrow, for Professor Thomas, had argued that there was no city statute covering the case. Starr admitted the weakness of the prosecution's case. There was no evidence taken in court today. However, Mrs. Granger, supported by two women bailiffs, was forced to hear Starr's recital.

Mrs. Thomas, the professor's wife, who took Mrs. Granger into the Thomas home after the hotel episode, also was present in court. Mrs. Granger was heavily veiled, but Mrs. Thomas faced the jammed courtroom fearlessly.

Henry, the 22-year-old son of the professor, fanned Mrs. Granger with his hat during the hearing. The professor stood beside Darrow throughout the 15-minute argument. Immediately after Judge Graham announced the dismissal Mrs. Granger was spirited away through a side exit.

## BOCHE WAVE MUST ROLL BACKWARD SAYS FOCH

Italian Troops Will Be Sent to  
Flanders Front to the Aid of  
Anglo-French, Says Premier  
Orlando; Battle Tide Turns

## ANNOUNCEMENT IS CHEERED BY LATIN

Already Form Right Wing of  
Allied Army in France; Soon  
Banners of Five Nations Will  
Be United on Western Front

ROME, April 19.—Premier Orlando announced in the Chamber of Deputies today that Italian troops would be despatched to the battle front in France.

The announcement, which was received with a storm of applause, was as follows:

"Italy, which follows with admiration the heroic efforts of the Anglo-French troops on the western front, could not remain absent from the battle fields of France. She wishes to bring to her allies tangible proof of solidarity and very soon the colors of Italian regiments will fly over the fields of Picardy beside those of the French, British, American, Belgian and Portuguese, thus sealing the union which exists between the allied peoples and governments."

## SAYS RESERVES ARE STILL INTACT

MILAN, Italy, April 19.—"We hold the Boche wave but that is not sufficient," said something more," General Foch is quoted as saying in an interview published by the Corriere della Sera today.

"Our important reserves are still intact. We are satisfied with the progress of events."

WASHINGTON, April 19.—Italian regiments are already in France and form the right wing of the allied armies, the Italian embassy announced today.

In making the announcement the embassy gave out a radio despatch from Rome saying that Premier Orlando had announced that the Italians soon would be in the thick of the battle. The wireless message said:

## RIGHT WING FORMED OF ITALIANS

"Premier Orlando has announced to Chamber of Deputies that the right wing of the allied army in France is formed by Italian regiments. These regiments will soon be in the thick of the battle. The announcement was received with the greatest enthusiasm and applause. The deputies, including the members of the Socialist party, joined in a great demonstration to the French, British and American allies. The news was communicated to the Italian people and was received with great demonstrations of satisfaction. The Italians are feeling proud of the fact that they can prove their valor alongside the French, British and American troops. The opinion prevails that the demonstrated unity in military operations will prove the greatest moral unity among the four great nations during the war. Many officers and soldiers are asking to be incorporated in the regiments sent to France."

## AND RIGHT WING ANONIMOUSLY INVOLVED IN DESPATCHING ITALIAN TROOPS TO THE FRENCH WAR FRONT WHILE FRENCH AND BRITISH TROOPS ARE NOW IN ITALY. ITALIAN MILITARY EXPERTS POINTED OUT HERE TODAY THAT ITALY HAS A LARGE NUMBER OF SOLDIERS AVAILABLE FOR SERVICE IF THEY CAN BE PROPERLY ARMED, EQUIPPED AND MAINTAINED. IT IS UNDERSTOOD THAT THE FRENCH AND BRITISH DEPARTMENTS ARE PREPARED TO SUPPLY THE NECESSARY EQUIPMENT. IT ALSO WAS EXPLORED THAT Owing to the mobility of the infantry arm, which is to be employed on the west front it would be easily possible to shuttle them back to Italy in time to aid in repelling an Austrian onslaught.

Military considerations forbid the disclosure of the number of Italian troops to be used in France, but it is said that probably the Italian army will be as numerous as General Eschsch's forces.

## Agricultural Bill Back in Conference

WASHINGTON, April 19.—As a result of the House's rejection last night of the Senate amendment increasing the government's guaranteed wheat price to \$2.50 a bushel, the agricultural appropriation bill went back to conference today. The House defeated the amendment by a vote of 167 to 95.

## Morse Returned As Regular Army Col.

WASHINGTON, April 19.—Army orders today announced that Brigadier-General Benjamin C. Morse has been discharged from that rank in the national army and returned to his former rank of colonel in the regular army. He has been in command of an infantry brigade at Camp Custer, Mich.

Major William J. Mayo, famous surgeon of Rochester, Minn., has been ordered to active service in the medical corps. His brother, Major Charles Mayo, began active service as a major in the medical corps several weeks ago.

## NEW GERMAN OFFENSIVE IS DUE IN JUNE

AN ATLANTIC PORT, April 19.—Germany will launch another offensive in June, either on the west front or in Italy—if the present drive is checked—according to Lieutenant General Bridges of the British army, who arrived here today.

"The allies are up against an acute crisis, and although we may check the German offensive now on, a series of crises will continue to come through the coming year," General Bridges declared.

"We must not expect anything final from the present offensive. If the German is halted he will dig himself in preparatory to another drive. It may come in the west or it may be in the east—against Italy."

"The war has now resolved itself into a question of man power. The Germans are striving for a decision before we can draw our trump card, the American army—and are ready to make any sacrifice."

"Circumstances have compelled the Germans to make the present drive. They have backed the British army to a point where there can no longer be retreat. With its back against the wall you can look for Haig's army to fight it out to the finish."

"The relinquishment of Amiens and more of the British line would create a very awkward position. The English channel would be menaced. We can't go back now."

"The surrender of Passchendaele ridge is not regarded as particularly important by General Bridges. It is a dangerous salient in our lines," he declared. "Bad weather prevented the British general staff realizing the fruits of its occupancy last year."

General Bridges warned Americans against expecting anything final, decisive from the present offensive, regardless of whether the Germans or the allies win. The war has reached a stage where manpower is all important. America's army alone can turn the scale and not until American manpower makes itself felt will the Germans be beaten. "And,

## President Names Liberty Day Asks U.S. to Respond to Appeal

WASHINGTON, April 19.—Friday, April 26, will be Liberty Day throughout the United States under a proclamation issued last night by President Wilson calling on citizens of every community to hold Liberty loan rallies and "liberally pledge anew their financial support to sustain the nation's cause." Patriotic demonstrations similar to those of the opening day of the campaign will be held on April 26 and the day devoted to giving the race toward the \$3,000,000,000 war credit goal a new impetus for the final week. The proclamation follows:

"By the President of the United States of America:

"A Proclamation:

"An enemy who has grossly abused the power of organized government and who seeks to dominate the world by the might of his arms, threatens the rights of America and the liberty and life of all the free nations of the earth. Our brave sons are facing the fire of battle in defense of the honor and rights of America and the liberty of nations. To sustain them and to assist our gallant associates in the war, a generous and patriotic people have been called upon to subscribe to the third Liberty loan."

"Now, therefore, I, Woodrow Wilson, President of the United States of America, do appoint Friday, the 26th day of April, one thousand nine hundred and eighteen, as Liberty day."

"On the afternoon of that day I request the people of the United States to assemble in their respective communities and liberally pledge anew their financial support to sustain the nation's cause. Patriotic demonstrations should be held in every city, town and hamlet throughout the land under the general direction of the secretary of the treasury and the immediate direction of the Liberty loan committees organized by the Federal Reserve banks. Let the nation's response to the third Liberty loan express in unmistakable terms the determination of America to fight for peace, the permanent peace of justice."

"For the purpose of participating in Liberty day celebrations, all employees of the federal government throughout the country whose services can be spared may

while Germany has greatly reinforced her western lines, she still has an enormous reserve to draw upon."

be excused at 12 o'clock noon, Friday, the 26th day of April. "In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed."

"Done in the District of Columbia, this eighteenth day of April, in the year of our Lord, 1918, and of the independence of the United States of America the 142d."

"WOODROW WILSON, President."

"By the President, Robert Lansing, Secretary of State."

## VON PAPPEN IS CHARGED WITH DOUBLE DEAL

SAN FRANCISCO, April 19.—Captain Franz von Pappen, former military attaché of the German embassy at Washington, who was treated at the request of the State Department, was characterized with "double dealing" by Attorney Theodore Roche, representing the German consular defendants in the Hindu Ghadr trial before District Judge William C. Van Fleet.

Attorney Roche was making the argument to the jury for his clients, which include former Consul-General Franz Bopp, Baron E. H. von Schack, former vice-consul Captain Walter Sauerbeck of the German submarine, and others in a courtroom which held the largest crowd of spectators in the five months' trial.

WERE DECEIVED. Roche, who is president of the San Francisco Foreign Commerce Council, in his argument to the jury that the German consular officials here had been deceived and had received false impressions from the German embassy at Washington concerning the real purpose of eleven cars of arms shipped here, said that he had shipped on the steamer Maverick and schooner Anna Larsen for use in the proposed revolution.

"I do not propose to argue that German gold did not go into the Anna Larsen and the Maverick cargoes. Neither do I propose to argue that von Schack, who handled the transaction for the German consulate here, did not know that Baron von Schack had no knowledge of any conspiracy to ship these arms."

He informed that they were for use of German west African posts, which was a legitimate business.

"Captain Pappen was the conceiving mind," Roche continued, "of the whole conspiracy. Von Pappen did intend these munitions for India but von Schack was not in his confidence and was misled. Franz Bopp was in Germany when the plot was hatched here and there is not a word in the record to connect Bopp with this conspiracy. Dr. Chakravarty is not occupying a very honorable position, in my judgment."

DAMAGING STATEMENTS. Chakravarty, who is a defendant, was the intermediary between the Berlin India committee, the German foreign office and the German wing of the conspiracy and has made damaging statements to the present case to other defendants, he is alleged to have given information which led to the arrest of Salandra Ghose in New York City.

"Lieutenant von Brincken, and Chakravarty were the willing tools of Captain von Pappen and at no time was von Brincken attached to the German consulate here. On the contrary, he was the accredited representative of von Pappen and had offices in Seattle as late as 1915. The conspiracy was conceived by von Pappen and carried out by his tools, of whom Chakravarty and von Brincken were the chief."

Attorney Roche talked this afternoon and it is expected that Judge Van Fleet will rule that the argument be continued tomorrow with the case having the case reach the jury Tuesday morning Monday being given up to instructions by the court.

## U. S. INVENTOR'S DIRIGIBLE CAN ALIGHT ON SEA

WASHINGTON, April 19.—Demonstrations of a 19-foot model dirigible of the Zepplin type swung on wires—a machine said to be superior to the German craft in that it is more mobile and can alight on water—were given today to the Senate military committee by Alfred Herbert, a Montclair, N. J., inventor. He said his dirigible could be built 600 feet in length, carry fifty persons, machines, guns, and bombs and attain a speed of 75 miles an hour.

## CHILE INTERNS CREW OF NOTED GERMAN RAIDER

HONOLULU, April 19.—Fifty-eight members of the crew of the German raider Seeadler, which plied in the Pacific ocean until it was wrecked, have been interned in Chile, according to announcements today by the naval authorities here. The Seeadler, which had many American vessels and was broken to pieces on an island in the Pacific. The crew transferred to a captured vessel and continued their previous work on commerce until they were captured.

## BOLSHEVIKIS AIDING TEUTONS SAYS MAXIM

BULLETIN. NEW YORK, April 19.—Hudson Maxim, inventor, declared today he believed that some of the vast amount of ammunition being consumed by the Germans on the west front was supplied them by the Bolsheviks.

DYMAN, April 19.—Dynamite was found on the railroad tracks near here yesterday. County authorities declared it had been placed on the rails by pro-German enemies with intent to blow up trains and called on all residents today to act as vigilantes in reporting suspicious persons and seditious statements.

An attempt was made recently to break into the powder supply house west of the city.

WASHINGTON, April 19.—The government has taken over the big plants of the Bosch Magneto Company at Springfield, Mass., and Plainfield, N. J., and directors will be named by the property custodian Palmer to conduct their operations. Investigation showed, it was announced today, that the company is entirely enemy owned.

## FRENCH GENERAL VERY CONFIDENT

OTTAWA, April 19.—One of the foremost French generals, who commanded the three French divisions in the heavy fighting previous to April 7, declared unreservedly to Reuter's correspondent that "we have every ground for confidence both in Picardy and Flanders."

The correspondent's despatch received here quotes the general as follows: "In this battle, like all others, each side would continue to play blow and counter blow, endeavoring by weight of numbers or superior skill to find the weak spot in the enemy's armor and each endeavoring to retain sufficient reserves to turn the scale when the decisive moment was reached."

"After four years, we are not only within sight of this decisive point. The Germans still in France unused reserves and fresh divisions. The battle will proceed and the next shock must be expected as soon as the flood pouring in through Baileul up toward Masebroeck in the direction of the front."

month or more but the entente will continue until the enemy reserves are exhausted and his numerical superiority worn down to the vanishing point. Then our turn will come, with the help of American divisions."

## GERMAN OFFICERS AMONG PRISONERS

WASHINGTON, April 19.—An official announcement of the recent arrival at an Atlantic port of thirty-eight Germans captured by American destroyers with the submarine U-53 shows that among the prisoners are the commanding officer, Captain Lieutenant Gustaf Amberg, and four other officers, as follows: Over Lieutenant Zur See Otto van Rigen; marine engineer, Paul Schroether; Lieutenant Zur See, Reserve Frederick Muller and Warrant Officer (navigation and deck) Henry Ropke.

The capture was made by the destroyer Fanning, assisted by the destroyer Nicholson in European waters on November 17 last. The prisoners were held by the British until a convenient opportunity occurred for transporting them to the United States. Now they will be transferred to the War Department for internment at Fort McPherson, Ga.

## Bed-Ridden American Buys Liberty Bonds

LOS ANGELES, April 19.—Liberty loan workers, calling on business people and residents in a district far removed from the business center, dropped into a small grocery store a day or two ago and found J. S. Hannigan, the proprietor, directing his wife about the store from his couch, where he was kept by continued ill-health.

The committee announced its business, and Mr. and Mrs. Hannigan, after conferring for a moment, said they wanted to subscribe for \$200 in bonds, and would take more just as soon as they could leave the house. They were very old, very ill, and they told the committee that they had one son in service in France, and another in the National army.

When the committeemen returned to headquarters, they reported that they had found at least one thoroughly patriotic family.

## Women Jury's Head Signs Wrong Verdict

PLACERVILLE, April 19.—James R. Johnson, whose trial for alleged assault with a deadly weapon with intent to murder John Farnsworth has just ended here, is a firm believer in the law making women jurors. The jury decided he was guilty of the crime as charged, which carries a maximum penalty of fourteen years. Mrs. Sam Magness was foreman of the jury and signed the wrong verdict, convicting him of assault with a deadly weapon. Superior Judge George H. Thompson sentenced him to the maximum penalty of two years for the crime. After all formal court proceedings had ended jurors noticed the error. Johnson's assault was with a sixteen-inch butcher knife, and his victim was aged 52 years.

## Confederate Veteran Purchases \$1000 Bond

LOS ANGELES, April 19.—A Liberty loan worker, visiting the less pretentious homes in a suburban section, was told that the man of the house at one place he visited, was very old, very ill, and probably nearing his end, but wanted to see him anyway.

Entered into a plain little bedroom, the lean collector found an old man, who said he had been a soldier of the lost cause of the Confederacy. He said there was no longer any question that all of the states were in the union and just to show his own feelings toward his country, he had bought a Liberty bond for the nation, he was glad to subscribe. Then he scribbled a shaky signature to an order for \$1000 of the third issue.

M. W. Lynch, a high street dairyman who I said to have sought to evade payment of a city license to conduct his establishment by issuing shares of stock to patrons and paying dividends in milk, will have to appear before Police Judge Samuels next Monday and explain his transactions. The board of health takes a different view of the situation.

## Your Health Depends Upon Your Kidneys

Many organs take part in assimilation of food, and a number are active in eliminating those portions of the food which are not taken into the blood for the upbuilding of the body. Of the eliminative organs, the liver and the kidneys are of major importance, and are most likely to be overworked and become diseased. When such is the case, various troubles of a digestive and eliminative character occur, and such troubles are so frequent and so common that it is absolutely necessary to find some relief. Warner's Safe Kidney and Liver Remedy was compounded over 40 years ago to help equalize the work of both kidneys and liver. How successful it has been is evidenced by its widespread sale and its value is attested by an immense number of appreciative users who through these many years have put it to the severest tests with the most satisfactory results.

About seven years ago I was so weak and worn out that I could hardly work. After trying other cures without result, I tried Warner's Safe Kidney and Liver Remedy. In a short time the pain left me, and the rheumatism and dyspepsia vanished. We have used Warner's Safe Kidney and Liver Remedy ever since with great success in our family. O. E. If the free peoples of the earth are not to become toiling millions for the Prussian Junkers and the Prussian Krupps, if they are not to be terror-ridden slaves at the mercy of a German Kaiser's will, Prussianism must be driven back within its own borders and kept there.

That is why the war must be fought on European soil. We are fighting in Europe now that we may not have to fight in America, on the very thresholds of our own homes, later.

Americans, you are called upon to back our armies in France, to furnish them the guns and shells and ships and aeroplanes, the enormous quantities of every sort of supplies that they must have to defeat the Prussian armies and drive them back across the Rhine.

## D. A. R. ELECTION IS BEING HELD

WASHINGTON, April 19.—Balloting for seven vice-presidents-general of the Daughters of the American Revolution began today, and furnished the real excitement of the week's congress, which closes tomorrow with a pilgrimage to Mount Vernon. Nine names have been submitted by the nominating committee as follows:

Mrs. Andrew F. Fox, of Mississippi; Mrs. William Reynolds, North Carolina; Mrs. Charles Ault, Nebraska; Mrs. Gault M. Brumbaugh, District of Columbia; Mrs. Parks Fisher, West Virginia; Mrs. B. L. Puroell, Virginia; Miss Stella Pickett Hardy, Arkansas; Mrs. William A. Guthrie, Indiana, and Mrs. Frank A. Hall, Massachusetts.

Various committee reports were made at the morning session. Patriotic speeches will mark the evening session, with addresses by Major Gen-

## \$800 DOG LEAPS FROM ROOF OF ST. FRANCIS HOTEL

SAN FRANCISCO, April 19.—A dog's life, even with a valet to fuss over him, and with chicken bones for dinner every day, was bad enough, thought Monte Day Dream, the prize \$800 Blenheim lap dog owned by Mrs. George Wingfield, but when it came to being in jail just because he was a prize winner, Monte Day Dream decided that his misery was being rubbed in. So he found a hole by which to escape from his kennel cell on top of the Hotel St. Francis and barking a doleful good-bye leaped from the roof and landed in an inert little bundle nine stories below, on the roof of an adjoining building.

Monte Day Dream had just been brought to the city by Mrs. Wingfield, wife of the Nevada mining millionaire, and was in the kennel awaiting the coming dog show.

General George Barnett of the Marine Corps, John Barrett, director of the bureau of American republics, and Bishop Charles Bayard Mitchell.

## GERMANY WOULD SUPPRESS REVOLT

WITH THE AMERICAN ARMY IN FRANCE, April 19.—German military authorities have become as active in suppressing hostile propaganda at home as they have been in fostering pro-German propaganda in America. This is shown by a quotation from a German bulletin. It says in part:

"Baron von Gayl, general commanding the Seventh German army corps in Munster, offers 3000 marks to the person who first succeeds in implicating any English or American agent guilty of inciting disturbances or revolution in this district, in such manner as may be condemned by the courts."

The foregoing is the first indication that the German authorities have come to fear an actual revolution. It is true that there have been labor troubles in Germany, but the German government declared they were without any political significance.

## Brown's Suit Makes Loeb Glad Old Controversy Will Be Stirred

C. B. Brown of Oakland, president of the Yuba Land Company and vice-president of the California Oil Company, today served Joseph Loeb of San Francisco with copies of a complaint in a suit to be brought in the San Francisco Superior courts for \$50,000 in damages for injury he claims was done him and his business by alleged malicious statements on the part of Loeb.

"I am glad Brown has brought suit," Loeb said when he received the copy of the complaint. "I will prove all and more than I have said about Brown, and I will back it up by the testimony of former Chief of Police W. J. Petersen, Constable Bert Hampstead of Oakland and District Attorney Ray Maxwell of Marysville. Brown's statement that I have commenced various suits against him which have proved unsuccessful is an absolute falsehood."

The complaint charges that Brown and Loeb is an old one. Brown al-

## PLATINUM OWNERS PROVE PATRIOTISM

WASHINGTON, April 19.—Many offers of platinum held by private citizens are being received by the government as the result of the shortage which is handicapping scientific and munitions work necessary to winning the war. Dr. C. L. Parsons of the bureau of mines, said today some of the platinum had been tendered as gifts, while other lots were offered for sale at the market price because the owners did not think it patriotic to hold metal for personal adornment in the present crisis.

All of the owners were instructed to turn over their holdings to certain refiners, who will hold the platinum subject to government disposition. Requisitioning of all platinum in the hands of manufacturing jewelers, but not of the stock. The war industries board has warned jewelers that not more than \$100 an ounce will be paid for commandeered platinum and that efforts to corner scrap metal by running up the price may redound to their financial loss.

## Would Naturalize All in U. S. Service

WASHINGTON, April 19.—A bill providing for immediate naturalization of all men in the army, navy and marine corps, or men serving on any merchant vessel flying the American flag, has been re-introduced in the House by Representative Sabath of Illinois with the approval of the Immigration committee, which has been considering it. The measure is designed to meet the cases of thousands of men serving with the American expeditionary forces who without such legislation might be subject to punishment as traitors if captured.

## Home Service Work Planned in Petaluma

PETALUMA, April 19.—A Petaluma Home Service Bureau has been organized to give counsel and aid to those in need and also to see that children are given proper care and nourishment in cases where families are in destitute circumstances. The officers of the new organization are: President, Mrs. J. H. Madison; vice-president, Dr. Ruth Huffman; secretary-treasurer, Miss Edith White; members of executive committee, Mrs. Dan Kamp, Mrs. W. C. Keis, Chief of Police Florio and W. T. Mooney.

## Laborers Demand \$4 Wage in Orchards

WINTERS, April 19.—Horticulturists in Yolo county are much alarmed by the ultimatum of laborers that they must be paid \$4 for an eight-hour workday in the fruit orchards of this district. Fruitmen work out some scheme to evade paying this wage, claiming it is exorbitant and harmful to the fruit industry. The demand of the laborers to demand this wage, which is unheard-of wage scale in the fruit orchards of this section was reached at a mass meeting recently held.

Among a recent contingent of drafted men was one who had not been long from the "old country." He appeared before Chairman N. J. Herby of the local draft board in the City Hall to make arrangements to send money to his family. He declared his family lived "across the water."

"Not going to send this money to an alien 'enemy,' are you?" queried Herby, thinking he would have some fun with the son of old Erin. The latter scratched his head.

"By golly," he said, "I don't know. It's for me mother-in-law."

ation of unbroken conservatism by state and county officials.

## YUI WAN KAI TOP IS IN DANGER

Tui Wan Kai Top is in danger! This means nothing to the man on the street. But to the true Bohemian who lives up next to the attic-roof, loves Sargent and Bach, thinks in terms of Nietzsche and Schopenhauer, and, at midnight comes down from his roost to meet kindred souls on the kitchen side of Charlie Lum's palace of Oriental eats, "Yui Wan Kai Top" spells chop-suey—the great Chinese gastronomic institution "below stairs."

It is mystery that lends zest to Chinese food. One wonders if it is what it seems or something different. The aromas that arise are unique—bizarre. One smells bamboo, friend rubber, charcoal, celluloid collars and a laundry in full blast—all in rapid succession. If there is just a touch of punk in the air and the breath on a fried onion, an aspiring garlick—one has true Bohemia with all its seductive "atmosphere."

But the Food Administration doesn't care a hang about the secret side of Chinese cookery. The mysticism of chop suey is no camouflage to official inquiry. "Chow Mein" must come out in the open. "Gom Yuck" must go over the top. The ingredients, components and materials out of which they are made must pass official inspection. Mock Duck must trace his ancestry to the original ox. And so with the announcement that inspectors are to delve into kitchen secrets a wall has gone up from Noodle Row.

For where will all the Oriental mystery be if it becomes known that chop suey is only chicken, bamboo shoots, chestnuts, noodles and rice?

## MISS FILLMAN IS AGAIN IN COURT

SAN FRANCISCO, April 19.—Confronted with evidence that she was not the wife of Charles L. Cole, alias Carl Conrad, now serving three years at McNeil Island for the theft of \$12,000, Liberty Loan stamps, certificates from the Federal Reserve Bank, Miss Helen Fillman broke down and admitted that she had "used his name," but denied that she knew of any further shortages than those revealed in the trial of Cole. She is being held in the county jail.

When Cole was on trial Miss Fillman, then believed to be his wife, sat in court and pleaded with her tears for leniency to Cole. It was largely on her account, and on Cole's testimony that he had been tempted to steal to care for his wife, who needed medical care which he had been unable to provide on a salary of \$100 a month, that Judge Dooling lightened the sentence.

"I love him," Miss Fillman today told Trumitole. "I thought it right to use his name—we had lived together so long. He was separated from his wife when I met him, and we came West together to begin life anew."

A letter signed by Director Norman of the Bureau of Administration, Alien Property Custodian, was the evidence received last night disclosing the fact that Cole had duped the court and United States Attorney by passing off Miss Fillman as his wife, and that he had left a wife and two children in Allentown, Pa. The same letter further disclosed that \$2400 at the Federal Reserve Bank was confirmed. Miss Fillman denied any knowledge of this additional shortage.

## Instructor and Wife Hurt in Auto Accident

Frank R. Cauch, director of manual training in the public schools, and his wife, living at 2315 Valdez avenue, are at the Fabiola Hospital suffering from injuries incurred yesterday when their automobile overturned on a street in Berkeley, pinning them underneath. Along with Cauch and his wife in the machine was their twelve-year-old daughter, Dorothea. Mrs. Albert Denton of Santa Clara avenue, and her two little sons, escaped with slight injuries.

## Guard Shoots Fleeing Prisoner in Back

MARTINEZ, April 19.—Shot by his guard as he made a second attempt to escape from custody in front of the county jail here yesterday, George Fleet, who was serving six months in the chain gang for petty larceny, is in a dangerous condition at the county hospital. Fleet was arrested last week in Pinole on a charge of petty larceny and was sentenced to serve in the chain gang by Justice of the Peace F. P. Terry at Pinole. While at work with the gang on the highway yesterday Fleet escaped but was recaptured at Avon by Constable Charles Palmer, who took him back to the county jail in an automobile.

As Palmer and Fleet were walking into the jail, Fleet, who was handcuffed ran down the street. Warnings to halt failing to stop the running man, Palmer fired one shot, which struck Fleet in the back. Fleet was a stranger in the county.

## Jacob Cohen Dies at Los Altos Home

## A Spring Medicine

That Will Make You Feel Better, Look Better, Eat and Sleep Better.

In view of the fact that disease is ever the same, a medicine like Hood's Sarsaparilla, which has been successful for more than forty years in combating disease, is a safe remedy.

Hood's Sarsaparilla is known everywhere as the standard blood purifier, tonic and vitalizer. Its record is one of remarkable results. It has given entire satisfaction in the treatment of scrofula, eczema, humors, catarrh, rheumatism, loss of appetite, that tired feeling and general debility, and is taken as effectively at one time of year as another.

There is nothing better as a prompt, general tonic for weak and run-down women and children, and old people, invalids and convalescents. It is pleasant to take, aids digestion, and supplies the vital organs with the rich red blood essential to health. Advertisement.

## MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone.

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

## Oakland Minister Thankful

"I had stomach trouble for nearly 20 years, also constipation which filled my system with gas and fever. I could not do my work, and while I was down sick a lady from out of town sent me a bottle of Myer's Wonderful Remedy which proved truly wonderful. I believe it is the best medicine on earth." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Occident's Dept. Drug Stores.—Advertisement.

## Relief from Eczema

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little Zeno, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zeno generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zeno is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable. The E. W. ### Lone Robber Holds Up Chicago Train

CHICAGO, April 19.—An armed robber, wearing a soldier's trench cap, boarded a Michigan Central passenger train from New York and Boston, as it was entering the Chicago yards last night and, making his way into the dining-car, held up and robbed the conductor, who was alone at the time, of \$238. The robber leaped to the ground when the train slowed up.

## Your Home Needs Music Why Not Get a New Edison

Now that Thomas A. Edison has perfected this marvelous instrument a home without a New Edison should be as rare as one without a collection of books. Literature feeds the brain but music feeds the soul. And in the New Edison you get music—real music—not an imitation. Music is an absolute essential to a home with any claim to culture.

The New Edison Re-Creates the artist's voice or instrument with such fidelity that no human ear can detect a shade of difference between the two renditions. The famous Edison tone tests have proved this conclusively.

## BOY PRESENTS REAL PROBLEM TO HIS HELPERS

**Blue Bird Bureau**

Sometimes life poses a problem to which there seems no reasonable solution. The best thought of the kindly women at the Kings Daughters Home of the Associated Charities and the management of the Blue Bird Bureau has been engaged upon such a problem and has found no way out.

It concerns a human life that has been turned into a blind alley, a life that must be lived out somehow or other in spite of shortcomings and the tragic meaninglessness of such an existence. The facts will be set forth here, and if someone knows of a solution, or a means to help, the suggestion will be welcomed.

The center of the problem is a 15-year-old boy who has been paralyzed from the hips down since earliest childhood. He has been cared for at the Kings Daughters Home, and in a physical way has grown until he is now a lad almost the size of an average man. He weighs 170 pounds, and as he is almost, if not quite, helpless, it requires a strong man to lift him and care for him.

His father is a taxicab driver, and has recently suffered an accident. He is paying only \$15 a month, and can pay no more for the boy's care. The amount falls short of the actual expense of keeping him, without taking into consideration the amount of care and attention given the boy.

**ANOTHER REASON.**

But is this reason that the management of the home has decided that he cannot remain there, and that the problem of finding him a new home has arisen.

He is a boy, with a boy's love of mischief, a desire which has perhaps fallen into less healthy channels than in the normal child because there is no physical means of giving this spirit expression. His surroundings give him a peculiar opportunity for turning this mischievousness to account.

In the home there are many old people, sensitive as only the very old and feeble can be to affronts real or imaginary. The boy has become a thorn in the flesh. He has come to the conclusion that some of them are feeble-minded, and boylike of them signs, moving his finger in a circle near his head to indicate "wheels," telling one old man that another had said he was crazy, getting them at loggerheads with one another, starting feuds among them, causing some members of the little community to speak to each other for weeks at a time.

To some persons, gifted or cursed with a too obtrusive sense of humor, the ludicrous element in this situation might predominate. But it has brought about a pitiful state of affairs, and the final decision at the home that for the greatest good of the greatest number, the boy must go.

What are the alternatives?

The boy may be placed, as his father has suggested, in Agnew. But he is not insane, not even, it is believed, feeble-minded. He is subnormal to some extent, but he has received little schooling, and has not had the opportunities for development which beautiful play and activity and life in a home with brothers and sisters give the normal child.

**ANOTHER POSSIBILITY.**

Another possibility is that he shall be placed in the Alameda County Infirmary. It appears to be the consensus of opinion that he will never be better, that he will never recover, that he will never be able to be of use to himself.

There is also the remote possibility that some person may take an interest in him, take him into his real home, care for him, help him. But this would mean an extraordinary sacrifice, and is so unlikely as to be a thing that may safely be left out of the calculation.

It would seem that two steps should be taken immediately. The first would be that a careful and authoritative medical examination should be made by a specialist to determine whether he has any chances of recovery, and what should be done to take advantage of the chances if there be any.

Second, he should be subjected to mental tests, probably the Binet-Simon tests, and an opinion should be obtained as to whether some training can be prescribed that will make his life worth something to him, or whether it is to be the mere dragging out of an existence, a burden to himself and to others.

This is the problem. These are some of the factors involved. It is the hope that persons who may help, who may be willing to take an interest and interest others, will read this that it is written.

The facts given cannot be construed in any way as a criticism of the Kings Daughters Home. The management there has given unselfish and kindly service, has contributed in money and care to this boy's welfare. But the present condition had become impossible. A solution must be found, and found soon, to meet the situation.

## "Joshing" Referee May Prove Expensive

H. L. Davis, a printer of Oakland, will find out tomorrow what may be the penalty for indulging in levity in the presence of a referee in bankruptcy. According to evidence given by Referee in Bankruptcy Hayes of Oakland before Federal Judge Dooling, Davis "joshed" the referee in the course of bankruptcy proceedings, saying that the best time for playing poker with any old person was "laid to sit in at a game."

Davis filed a schedule of liabilities which totaled \$12,000. He assets he placed at \$10,000.

Judge Dooling held Davis guilty of contempt.

## Soldier Is Killed; Negro Suspect Held

ATLANTA, Ga., April 19.—The body of Charles A. Hogan, private of C Company, 327th Infantry at Camp Gordon, was found near here with the throat cut. Sam Heath, a negro, later was arrested in connection with the killing. Hogan, before entering the army, lived at 170 Willoughby street, Brooklyn, N. Y. A card bearing a Brooklyn jeweler's address, was found in the negro's pocket, the police said.

## Red Cross to Offer Insurance to Workers

WASHINGTON, April 19.—The American Red Cross has arranged to furnish life, health and accident insurance to its workers abroad who are not eligible for the benefits of the government war risk insurance. All foreign workers, it was announced, are to be given free of cost and without medical examination, \$1000 life insurance, payable in the event of death, or at the end of two years in the vent of total and per-

manent disability and also accident and health insurance providing for weekly indemnity payment in case of disability from sickness or injury. Foreign workers also will have the privilege of buying additional life insurance up to a total of \$4000.

## "Beast of Berlin" Films Are Stolen

KANSAS CITY, April 19.—Shortly after midnight this morning burglars or pro-Germans broke into the Garden theater and stole seven of the films of the photoplay "The Kaiser, the Beast of Berlin," showing this week.

"We have no clue as to the identity of the robbers," said the manager of the theater, "but we naturally suppose the theft was promoted by a pro-German antipathy to the sentiments of the picture."

# DYSPEPSIA MAN'S GREATEST ENEMY

Is Most Prevalent of All Present-Day Diseases, Declares Noted Authority; Victims Are Whimsical and Melancholy and Suffer Great Mental Depression; Disease Can Be Cured, He Says.

Explaining the record-breaking purchase of Tanlac by The Owl Drug Co., Langley & Michaels Co. and the leading wholesale and retail druggists throughout the United States and Canada, Mr. E. C. Harris, representing the International Distributor of Tanlac, stated last night that the hundreds of questions now being asked all over Oakland and San Francisco make it imperative that some explanation be made to satisfy public interest.

Speaking of Tanlac, he said: "Thousands of the most prominent people of fact, people representing all walks of life in the larger cities of the country, where the celebrated medicine has been accomplishing such remarkable results, are even more enthusiastic over Tanlac than the manufacturers themselves."

"In explanation of this, it should be stated that Tanlac is believed to be the first actually direct specific for catarrhal inflammation of the mucous membranes and the complications which follow them."

"Catarrh of the stomach is one of the most frequent causes of dyspepsia and catarrhal inflammation of the nose and throat leads to inevitable complications, such as kidney and liver affections, rheumatism, etc."

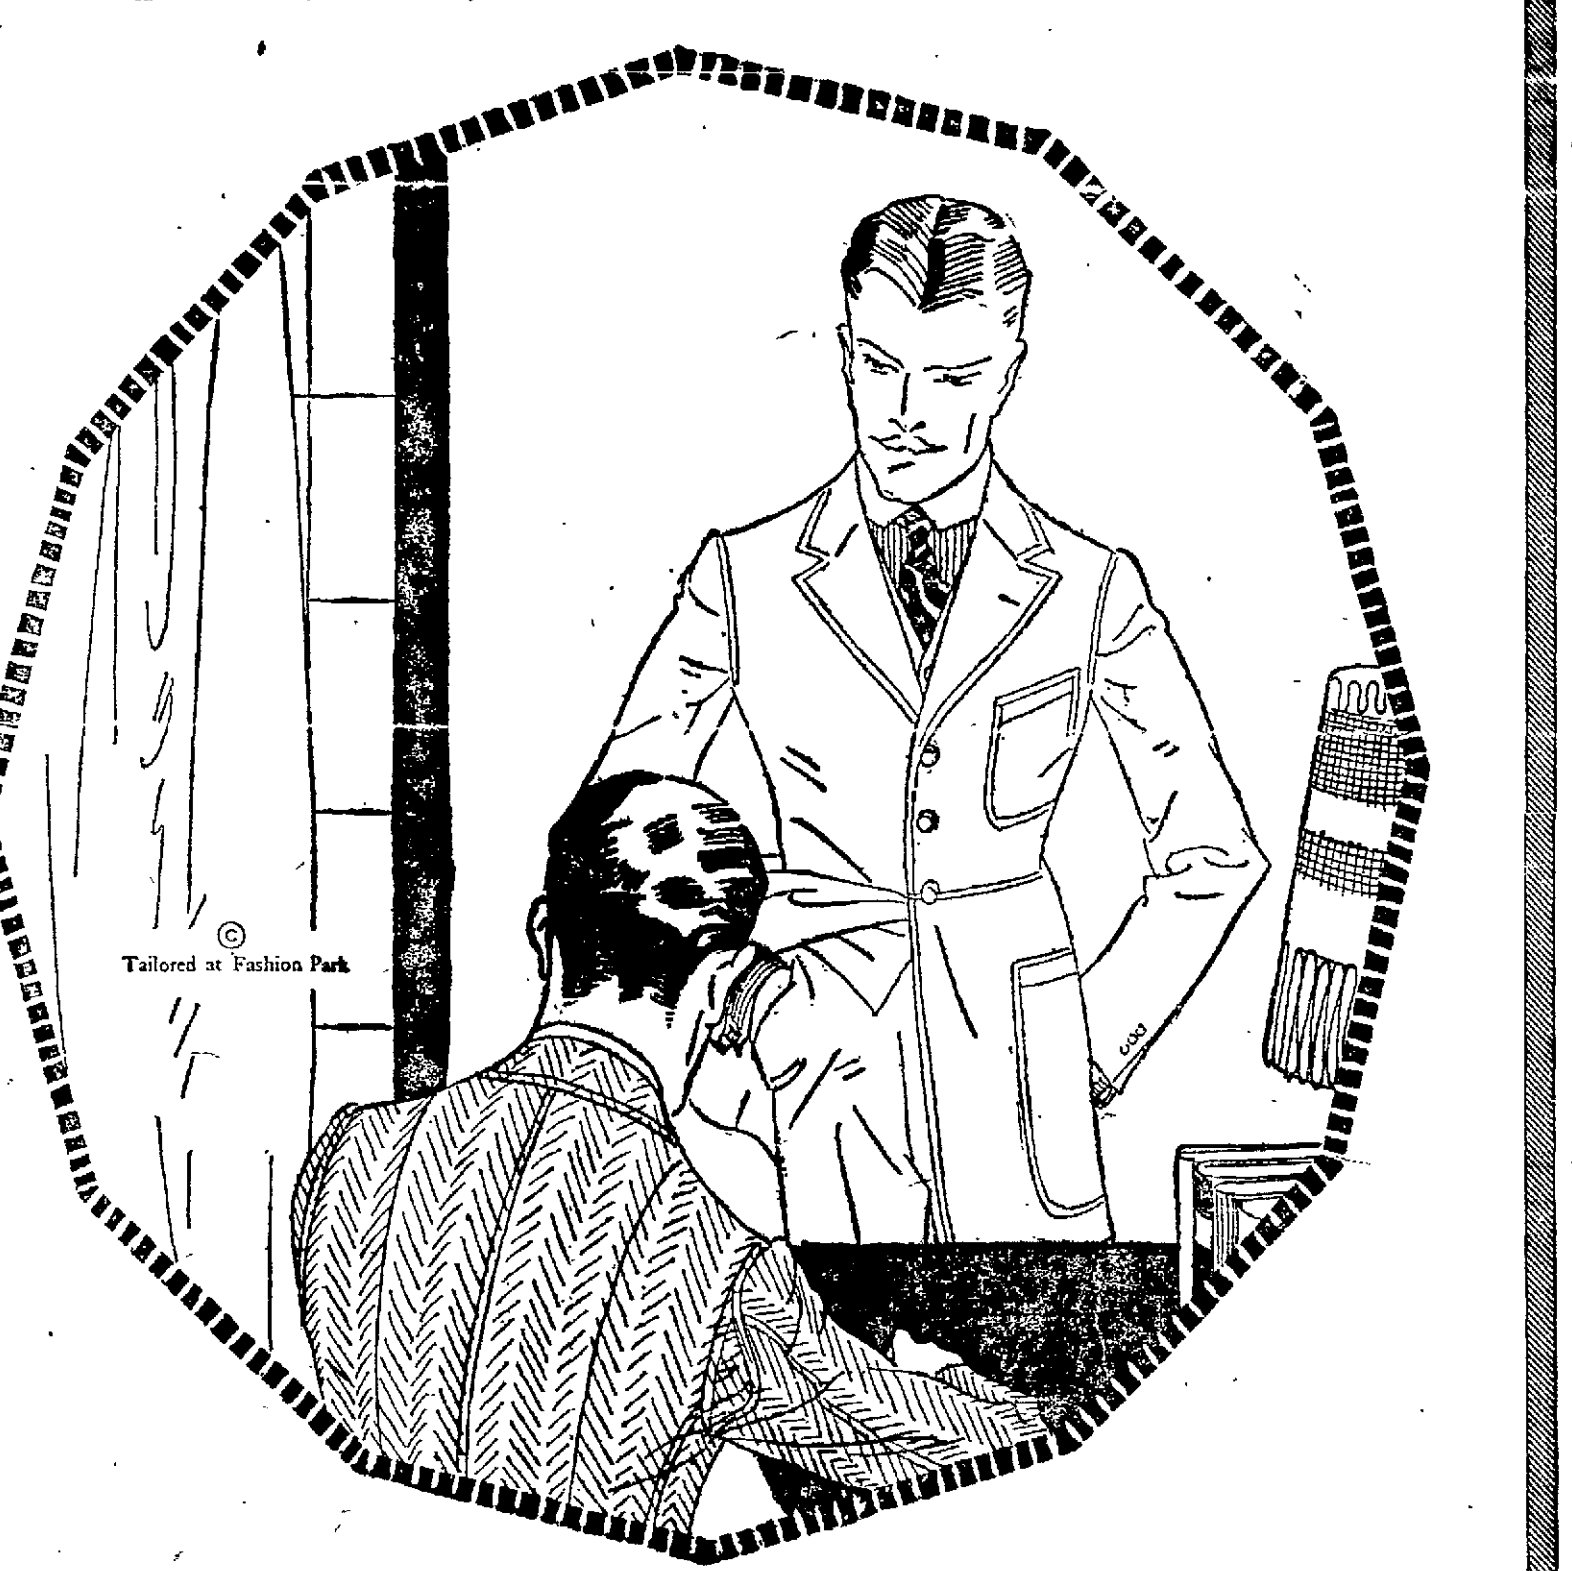

"Show me a man whose eyes are inflamed, whose sense of smell and hearing is affected, and I will show you a man who is suffering from catarrh. Frequently the lungs become involved by the extension of the catarrhal inflammation or germs to the lung substance. Specialists concede this, but it has remained for Tanlac, the new formula, to provide the remedy, as has been so conclusively and convincingly proven by the hundreds of thousands who have been relieved by its use."

At this point Mr. Harris quoted from a noted authority, in which he said: "Of all the distressing conditions that afflict humanity, catarrh of the stomach, or what is more commonly known as chronic dyspepsia, is probably the most prevalent. This most universal malady has baffled the medical profession for years, and the most skillful specialists have been unable to cope with it successfully."

"Hours might be consumed in describing the sufferings, mental and physical, of the sufferers of chronic dyspepsia and their failure to properly get relief. A morbid, unrelaxing, and melancholy condition of the mind, aside from the nervousness and physical suffering, is the usual condition of the average dyspeptic, and life seems scarcely worth the living."

"Dyspepsia, or indigestion, as the case may be, is caused by the taking of too much food, or unsuitable food, and the mucous membrane of the stomach becomes irritated, and there is set up an acute or sub-acute catarrhal condition, which prevents the

## WEEK OF SONG TO ROUSE EAST BAY LOYALTY

The east bay cities will be singing next week, singing the patriotic songs and the songs of the soldiers. There will be community singing in every motion picture house, big or little, in Oakland, Berkeley, Alameda and Alameda. There will be community singing at every public gathering. The week of song will end with a great community gathering at the Municipal Auditorium, when 1000 school children, several hundred soldiers and others will take part in a great program of patriotic singing.

The week of song has been arranged with the help of the musicians of the bay region, who will attend the various gatherings and lead the singing. It is part of the patriotic ceremonies of the Liberty Bond Drive, and in every theater and at every public gathering the "Buy a Bond" song will be sung.

These song leaders will give their services for about ten minutes at each performance in the motion picture theaters and at every public gathering. At the "movie" houses the words of the songs will be thrown upon the screen. In other places the words will be distributed in pamphlet form.

The churches will be asked to devote ten minutes of their Sunday evening service to this community singing.

The following songs have been selected as the official songs for the week and from them a selection will be made for each evening's program:

"The Star-Spangled Banner," "The Long, Long Trail," "Old Black Joe," "My Old Kentucky Home," "Good Morning, Mr. Zipp," "Over There," "Ballad of the Republic," "Overland Christmas Song," "Joan of Arc," "Columbia, the Gem of the Ocean," "The Marches," "Mr. Alexander" and "Buy a Bond."

The following musicians have been asked to give their services for the week of song in Oakland and most of them have already consented:

Miss Lydia Sturtevant, Mrs. T. Arthur Rickard, Mrs. George C. Winchester, Miss Ruby A. Moore, Mrs. R. M. Battison, Hugh Williams, Herbert Lee, Mrs. O. K. McQuerry, A. E. Ewer, Mary H. Nash, Lewis Arnold, William E. Chamberlain, Edith A. Peebles, Mrs. A. M. Heydorn, Mary A. Darby, Bertha Papen, Grace W. Love, Gertrude Freytag, Miss E. L. ### Children Will Meet at Arts Palace

The Children of the American Revolution, Mrs. Leigh Richmond Smith president, will meet tomorrow morning at 11:15 at the Palace of Fine Arts to place flowers upon the Foundation statue of Washington that stands in the rotunda—the gift of the Sons and Daughters of the American Revolution. Mrs. Theodore Gray, the state director, is in charge of the ceremony.

The annual conference of the D. A. R. takes place in Washington this week, a part of the incidental ceremony being the placing of wreaths upon the biers of Washington and his wife at Mt. Vernon—the honor falling to two children, who annually receive the distinction of entering the tomb to lay upon the slabs the blossoms of spring.

## U. S. MEDICAL OFFICER TO GET BRAVERY CROSS

WITH THE AMERICAN ARMY IN FRANCE, April 19.—Lieutenant T. H. Sweetser, of the American medical corps has been recommended for the British war cross because of gallantry and devotion to duty near Passchendaele, March 13.

Another battalion's headquarters was hit directly by a gas shell and the medical officer gassed. Sweetser attended forty gas victims, although himself suffering from the effects of the vapor. He also assisted in rescuing a party whose dugout was hit by a gas shell.

There was active artillery fire on this American sector today but no infantry action.

# WORD WAR ON OVERMAN BILL SOON TO END

WASHINGTON, April 18.—The end of the long controversy in the Senate over the Overman bill was in sight today. By unanimous consent the attack is to be translated into action, beginning next Wednesday, speeches on the bill are to be reduced to thirty minutes each, while remarks on amendments are to be limited to twenty minutes. This arrangement is expected to bring the measure to a final vote by next Thursday. The fight has narrowed down to an effort to make the bill specific. In its present form it is so general that it gives powers to the President to reorganize the war department as he sees fit in the interest of high efficiency. No department is exempted. Debate on the measure indicates a unanimity of opinion in the Senate that reorganization is necessary.

Views of Senators, however, differ widely as to the extent of such reorganization, and there is much opposition to giving the President carte blanche in making the necessary changes.

The Democrats, as the Senate is now constituted, have a majority of only six votes. Practically a dozen of their members are "out the reservation," holding against the Overman bill. The administration forces have been pledged the support of three or four Republicans. Indication today was that the opposition, by concentrating their strength on the Hoke Smith amendment, specifically naming agencies affected by the proposed reorganization, would be able to muster sufficient strength to maintain change the bill.

The Hoke Smith amendment would limit the application of the Overman bill to the war and navy departments, the Shipping Board, the Emergency Fleet Corporation and the Bureau of Mines. Amendments are also pending to specifically exempt the Interstate Commerce Commission. Senator Overman rejected a suggestion of

# Circus Heralds Spring Joys Big Crowds See Barnes' Show

With the greatest display of jungle and wild animals in its history, the A. G. Barnes Four Ring Wild Animal Circus began a two days' engagement in Oakland today. Two performances will be given each day.

The first parade, which started at 10:30 this morning and lasted until noon, was over two miles in length. Dens of wild beasts, their keepers riding with them in the same cage, war elephants, horses, lions, tigers, pumas and other species of jungle animals were in the procession.

Over 1200 animals and 600 people participate in the program of 105 acts, everyone of them a thriller. The program this year is bigger and better than ever. Some of the feature acts are Samson, an African lion who rides in a balloon to the top of the canyon; Miss Mable, a girl who wrestles with a big Royal Bengal tiger; "The Beauty and the Beast," an act in which Martha Florina bravely ventures into a cage of ferocious leopards; Marguerite Ricardo exhibits a group of pumas while Stephen Barry works with a band of vicious party bears.

**TRAIN OF 45 CARS.**

The circus train composed of forty-five cars, traveling in two sections and drawn by two engines arrived in Oakland at daylight from Point Richmond, where capacity houses were had at both the afternoon and evening performances.

This is a great day in the life of the small boy. He was at the grounds early this morning, watching how the tents were put up and the manner in which the animals were transported from the cars to the cage.

Besides the many animal acts, the circus is featured by its clowns. There are forty of them and they create a great deal of fun for the audience. In fact they kept the crowd in an uproar from the opening of the performance until the close.

**TIME OF LIVES.**

The clowns have the time of their lives when they attempt to ride Cactus, Dynamite, Molemine—just mules. The mules are balky and the clowns hit the sawdust one after another.

Altogether the circus this year has been voted the best that has ever been seen in the west. All along the line capacity crowds have fought their way into the big tent. The afternoon performance begins at 2 o'clock while the night performance begins at 8 o'clock.

Those who won prizes in the TRIBUNE contest and who have not received tickets may obtain them tomorrow forenoon by applying to the Animal Show, on the main floor of the TRIBUNE, on the main floor. Many of the contestants were unsuccessful because of minor violations of the rules of the contest.

# FOUR-MINUTE MEN WILL TELL TRUTH

Stirred by the news of the great crisis in France, the flying squadron of Four-Minute Men of Alameda county has received with satisfaction orders from the National Council to tell the truth to the people; the Hun is at our gates; tell the people the truth.

The indictment of America for its boastfulness, its greed, its sloth, and its foolish optimism, voiced by Dr. Ray Lyman Wilbur of Stanford University, will be the keynote of the four-minute speeches at local theaters this week and next.

For the first time since their organization, the Four-Minute Men are the voice to the country of President Wilson, the Four-Minute Men are asked to speak to the people, not two evenings a week but every night. The time is great; the national administration is in a state of confusion; the people should understand the true situation, and this means is taken to achieve that end.

The Liberty Loan committee has also made arrangements for the singing of patriotic songs in connection with the four-minute speeches all next week.

The Junior Four-Minute Men are being rapidly organized in the schools. In fact, Vocational high school will send out a group of its best speakers next week to the grammar schools of the city. The Oakland high school will follow shortly. A token of the gratitude of the patriotic government for the patriotic service by high school pupils will be given to the best speakers.

Another institutional subscription for Liberty bonds to the Soldiers' Lodge, No. 205, Sons of St. George, which this morning reported the purchase of bonds to the amount of \$4700, with promises for additional subscriptions before the close of the week.

Among the local labor organizations that reported the purchase of Liberty bonds today was the Shipyard Workers' Union, which, according to P. H. Trautmann, the union's representative, has subscribed for one \$500 bond. The purchase was a full payment cash transaction, said Trautmann.

The following Liberty loan meetings are scheduled for Saturday:

Oakland Lodge, No. 183, P. A. A. M., 8 p. m., Jesse Robinson; Inland Floor Company, 12:30 p. m., T. J. Thompson; E. K. Wood Lumber Company, 12:40 p. m., Donald Horne; Oakland Mazda Lamp Works, 12 noon, P. M. Carey.

# LITTLE GIRL GIVES THIS BOND LESSON

Oakland school children are taking an active part in the Third Liberty Loan campaign, and besides using all their ingenuity to induce persons to subscribe by personal appeal, many of them are thinking up some sort of appeal that may have a more far-reaching influence by reason of its publication. Here is the reason: "Why We Should Buy Liberty Bonds," written by Clara M. Love, a thirteen-year-old pupil at the Vocational School.

Many people cannot be convinced that it is their patriotic duty to buy a Liberty Bond. When a Boy Scout or some one else tries to tell them that it is their duty to buy one, they become very sad and say: "Food has gone up so much now that we can scarcely buy anything, and to buy a Liberty Bond? Yet a few days, or even hours later you might hear those same persons engaging box seats at some theater."

The boys in the trenches need food, Red Cross supplies and great need to hunt down the Kaiser and his soldiers. You have all heard "Mother Goose's" rhyme about the pig which wouldn't go over the stile. We can compare our boys in the trenches to it. For instance, Uncle Sam is trying to make his boys go over the trenches, but the boys won't go. So he hastens to Food and asks Food to complete the boys to go over the trenches. But Food won't. So he goes and complains to Red Cross supplies that the boys won't go over the trenches. He also asks Red Cross to give Food a soldier, so he will go to the boys "Over There." But Red Cross can't. He next makes his appeal to the steel factories, but Steel won't either. Now he is appealing to Money, and if Money will answer, why the guns will push Red Cross. Red Cross will send Food, Food will go to the boys, and the boys will go over the trench.

The boys "Over There" are fighting for you to save your life. If for no other reason, buy bonds to protect yourself and children. So buy, buy and buy again!

Buy money, a bond was lost; for want of bonds a soldier was lost; and for want of soldiers a war will be long.

ROSE VIEDRA, 8A Regular, Vocational School, age 12.

**Burglar Drops Loot When Woman Returns**

SAN JOSE, April 18.—Mrs. A. T. Bassett returned to her home at 364 North Sixth street just in time to prevent a burglar carrying away valuable loot in a suitcase.

As Mrs. Bassett entered the front door the thief, abandoning money and jewelry which he had placed in a grip, dashed out of the rear entrance to the house and disappeared.

# LIBERTY APPEAL CARRIED BY TRAIN

There started out from Oakland this morning over the lines of the Southern Pacific a special train of four decorated cars that will travel throughout the state bearing an appeal to buy Liberty Bonds.

The train carries a band, literature and speakers, and through these mediums a vigorous campaign to be waged.

The special train is the idea of Superintendent T. H. Williams, and is a South-bound of thirty-two pieces is made up entirely of Southern Pacific employees who are volunteering their services as special carriers of huge patriotic banners will be on the road for several days and will visit virtually all Southern Pacific stations in central California.

The train will visit San Jose today, stopping at 10:15 a. m. in the city and the Garden City, going by way of Newark and returning by way of Niles. Saturday will be spent in the vicinity of the bay cities, Oakland and West Berkeley coming in for a share of attention. Monday, the train will go to Sacramento, and on Tuesday visit Martinez, Tracy and Livermore.

The ten divisions of the Southern Pacific are competing in the race to win the company's honor flag in the Third Liberty Loan campaign. The headquarters offices, 65 Market street, San Francisco, have subscribed over \$100,000 already, and are still campaigning.

# Berkeley Man Is Named to Embassy

WASHINGTON, April 18.—Colonel Frank T. Hines of the general staff, national army, was nominated today by President Wilson to be a brigadier-general.

The following were nominated to be secretaries of embassies or legations (class four): Cornelius Van Enger, Berkeley, Calif.; Walter C. Thurston, Phoenix, Ariz.

# WOMEN WHO LOSE WEIGHT AND COLOR

**Need Just the Tonic Treatment That Restored This Minnesota Woman to Health**

Women who become pale and lose weight and ambition and are subject to headaches and fainting spells, need such tonic as Dr. Williams' Pink Pills. They are especially adapted for girls and women of all ages and give just the aid required to bring back health and strength to the nervous and exhausted.

"Mrs. Richard Ahrens of No. 511 Fifteenth Ave., S. E., Minneapolis, Minn., tried the tonic treatment for a severe breakdown in health. She is enthusiastic in her praise.

"I have found Dr. Williams' Pink Pills," she says, "to be a wonderful medicine. Owing to a run-down condition of my blood, I suffered for two years. My nervous system was in a terrible state. I lost flesh and suffered everything a woman could. I had severe pains through the top of my head and across my temples. When these pains came on me I would have to give up and was often confined to bed for a day or so. After these headaches I would feel weak for days. I had no appetite whatever.

"The doctor did not help me much. For a time I would feel better under his treatment and then be worse again. Through reading about Dr. Williams' Pink Pills I was led to give them a trial. I soon felt better and gained rapidly. I gained in flesh, had a good color and could eat a hearty meal. I take the pills now once in a while for a tonic and always receive benefit from them."

There has been no increase in the price of Dr. Williams' Pink Pills. Your own druggist can supply you or the pills will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50 for the Dr. Williams' Medicine Co., Schenectady, N. Y. Write today for the valuable booklet "Plain Talks to Women." It is free.

# Foodstuffs Stolen From Teuton Roads

ZURICH, April 18.—Official reports of the Prussian state railways show that in 1917 the German railways were paid as compensation for property lost or stolen in transit, compared with 4,000,000 marks in 1914.

The German postoffice paid 3,000,000 marks in compensation during 1917, compared with 100,000 in 1913. The greater part of the goods stolen on the railways was foodstuffs, clothing and other articles of necessity.

The robberies on the Austrian railways are reported to be even greater than in Germany. The ministry of railways in Vienna begs the public not to send goods by rail except in the most urgent cases.

# Lynching Victim Once Prisoner, Says Record

CHICAGO, April 18.—Robert P. Praeger, who was lynched recently at Collinsville, Ill., served a term for larceny in the state reformatory at Jeffersonville, Ind., in 1914, according to the records of the Central Howard Association of Chicago.

After being paroled, the Central Howard Association obtained employment for Praeger and gave him financial aid. He reported to the organization after one month and did not return. The records show he said he was born in Germany that his family and friends were in that country, and that he was a baker by trade. Praeger lost one eye while in the reformatory.

# Photographs Sent With Plea for Mooney

SACRAMENTO, April 18.—A brief prepared by his counsel to support the application for a pardon for Thomas J. Mooney, sentenced to hang upon his conviction of a charge of murder growing out of the preparation day bomb explosion in San Francisco July 22, 1916, was received today from San Francisco by Governor William D. Stephens. Photographs purporting to show Mooney and his wife, Rena Mooney, and intended to substantiate the claim of innocence set forth in the document were filed with the brief.

# Nurses Are Trained on a Battle Field

LONDON, April 18.—Nurses are trained on a battle field at the College of Ambulance in this city. Make-believe trenches, a realistic observation station and a convalescent hospital are there in order to train doctors and nurses under war conditions.

Princess Mary and Princess Arthur of Connaught received instruction in this college and the former became so proficient that she is commandant of the detachment of the Red Cross which bears her name.

## WASTE TO BE SPEAKER AT PLAZA RALLY

Judge William H. Waste will be the principal speaker tomorrow at the Liberty Bonds rally to be held by the Aahmes Patrol and Band of Aahmes Temple, Myrtle Shrine, at the City Hall Plaza. James H. MacLafferty will be the other speaker of the occasion. Both will be introduced by E. A. Forsgren, general manager of THE TRIBUNE, the illustrious potentate of Aahmes Temple, who will act as master of ceremonies and will make a short talk in behalf of the Third Liberty Loan.

The rally will begin at eight o'clock tomorrow night at the plaza. The Aahmes Patrol will march from the headquarters, accompanied by the Aahmes Band. At the City Hall Plaza they will be lined up, and will lead the crowd singing "The Star Spangled Banner" to begin the rally.

This will be followed by military drill and maneuvers by the patrol. Garbed in their beautiful silk and velvet uniforms in blue and flashing gold, the patrol will go through the evolutions which have brought it recognition as one of the best drilled organizations of the West. The patrol is commanded by Captain Julian Dwight Chase.

Following the playing of patriotic airs by Aahmes Band, under the leadership of Professor John Smith, addresses telling of the patriotic duty of all citizens to purchase Liberty Bonds as a service in behalf of humanity and democracy will be made by Judge Waste and MacLafferty. The program will close with the playing of the band which will lead the selection dear to the heart of the soldiers before the patrol marches back to headquarters.

## U.S. Marines Aid in Making Film Feature at American

RAYMOND McKEE and MARGURITE COURTOT in "The Unbeliever," an entrancing war film that features the United States Marines, and will be seen at the American Theater.

## Interesting Wartime Picture Receives Official Sanction of Government

The United States Marine Corps recently collaborated with Thomas A. Edison in producing what is said to be the greatest moving picture of the war and this feature is to have its first presentation in this city at the American theater, starting Wednesday, April 24. The picture is "The Unbeliever," and is presented with the sanction of the government and portrays the Marines in action.

At a special pre-view of the picture at the Colonial ballroom of the St. Francis Hotel, San Francisco, many officers of the army, navy and marine corps attended and the picture has the unqualified endorsement of every branch of the service.

Special arrangements are being made for the presentation here which will be under the auspices of the Marine Corps.

## REV. SYKES HIS ARDOR KINDLED WILL FLY FLAG

BERKELEY, April 19.—Reverend Joshua Sykes of the Church of the Living God, is recovering today from the shock consequent upon being forcibly immersed in the baptismal font of his own church because he refused to fly a United States flag from that edifice or lead his congregation in singing The Star-Spangled Banner.

Three hundred or more laids and young men acted as bullbats and the resultant excitement caused a riot call that was responded to by Berkeley and Oakland police but before the officers arrived those who had administered the baptism had fled.

Sykes said that he is willing to fly a flag on the place, and he has been promised by some of those who took part in last night's affair that if he does not he will be treated to a coat of tar and feathers. A bucket containing tar and another filled with feathers was found by the police but no attempt had been made to apply them to the person of the Reverend Sykes.

Sykes declares that as soon as a suitably flagrant act is perpetrated he will be unfurled to the breeze at the tabernacle to take the place of the one removed by the congregation earlier in the week. Through his son, Arthur Sykes, 24 years old, who with another member of the congregation shared the pastor's impromptu bath last evening, Sykes declared this morning that never at any time had he treated the stars and stripes with disrespect.

"I refused to obey the orders of a mob because justice and the true ideals of Americanism can never be administered by any mob of boys or citizens," said Sykes today. "Such a spirit is dangerous to the country. Had a committee of reliable citizens called on us and asked that we fly the flag we would have done so readily. As it was the mob antagonized us with its demands."

**ACTION WAS PROMPT.** This treatment of Sykes came as a sequence to a demonstration Wednesday when Sykes took down the flag that had flown in front of the church. It was shortly after 8 o'clock last night that the crowd of boys entered the church and announced they had come to hear the "Star-Spangled Banner."

J. J. Ferguson, an elder, said there was no intention to sing the anthem, and was mobbed with great promptness. The women of the congregation screamed. Sykes advanced to a rail before the pulpit and the women crowded about him, moaning: "Oh, Lord, rebuke them!"

The boys again demanded the "Star-Spangled Banner." They told the Rev. Mr. Sykes he would be ducked unless it was sung. Sykes folded his arms and said God was with him. The invaders took off Sykes' glasses, knocked over a table bearing a number of flower pots, turned over the benches in the tent, broke some of the lights and dragged the parson across the floor to the baptismal font. Then they ducked him.

**WOMEN AIDED.** "Don't hurt the women, boys!" one of the youths yelled. The women were not touched.

Policemen C. W. Fay and P. J. O'Keefe were interested spectators. The boys were taken down from 10 to 20. The reserves from Oakland and Berkeley were rushed to the tent, but none of the invaders were there.

Sykes said he would consult his attorney, Theodore Bell, tomorrow and decide whether or not charges should be filed against the boys. He announced the American flag would fly tomorrow from the Church of the Living God.

"I always intended to fly the flag, anyway," he said.

**FERGUSON EXPLAINS.** In defense of the action in connection with the flag-removal incident, J. J. Ferguson, a member of the church, has issued a statement in which he says that the flag was raised on the pole by two young men. The pole had been used by the church for advertising purposes. Monday night the flag was taken down and put away and when the men came to the place Tuesday and demanded that it be returned to them it was, according to the statement of Ferguson, but not until a slight delay had caused a demonstration resulting in police officers being summoned. The statement says that the reason the flag was removed was because "of the prejudiced sentiment against us because of our faith. It might be dangerous for us to display a flag as we feel some one might mutilate it, and the blame for the act would be on us, therefore, we want the public to know we have not made any disloyal utterances against the flag or the government in any way."

## CHURCHES TO JOIN PATRIOTIC RALLY

A patriotic mass meeting will be held by the Oakland War Service League at the combined churches of Oakland Sunday afternoon at 3 o'clock at the Civic Auditorium. The meeting is planned to be representative of the religious forces of the east bay region. Judge W. H. Waste will be the chairman of the afternoon. On the program will be Rev. David A. Pitts, First Baptist Church, Berkeley; Rev. Frank Silesley, First Presbyterian Church, Oakland; Rev. W. Leonard and Homer Stuntz and other interesting speakers. A reserved seat section has been set aside for the choir of the churches that we may have a body of singers to assist in the patriotic singing to be featured at the meeting. Professor B. M. Woods, who is a master at the art of leadership, will direct the singing. No admission purely a patriotic demonstration that will be remembered in Oakland for a long time.

## Church Leader Dies; Long Edited Journal

CLEVELAND, April 19.—Rev. J. H. Bomberger, D.D., editor of the Christian World since 1908, and one of the best known ministers of the Reformed denomination, is dead at Sanford, Fla. He was chairman of the sub-committee on committee of the Federal Council of Churches of America, and was a former president of the Federated Churches.

## Limits Work to Be Done in War

Following recent recommendations of the United States Chamber of Commerce, the War Industries Board has passed resolutions calling upon the interests of the country to refrain from launching public undertakings not essential to the carrying on of the war. Such new enterprises, it is pointed out, utilize labor and material essential to the production of munitions needed at the front, and should be discouraged.

Notice is given that the board will withhold from such projects priority assistance, without which new construction of the character mentioned will be found impracticable.

Judge T. W. Harris of the Council of Defense, in receipt of the communication today, said that the recommendation is one of the most important they have received and that it should be given the widest publicity.

## STATE REGISTER SHOWS 722,881 VOTERS' NAMES

SACRAMENTO, April 19.—Complete registration figures for the fifty-eight counties of California, announced today by Frank C. Jordan, secretary of state, show 722,881 voters registered in the period between January 1 and April 6, inclusive.

The registration was divided as follows: Republicans, 382,341; Democrats, 130,109; Progressives, 11,321; Socialists, 19,445; Prohibitionists, 21,931; declined to state, 96,176; miscellaneous, 1558.

and attention. He is of opinion that, for the estuary bridge the consent of the board to priority assistance must be secured.

## Falls Asleep, But His Cigarette Does Not

When Charles Hoffman retired in a room at the Golden West Hotel on Eighth street last night he went to sleep without extinguishing a cigarette which he was smoking with the result that his bed caught fire. Other roomers rushed to his aid and heaved the mattress out of the window, relieving the situation.

## Steamer Phyllis Is Being Towed to Port

LOS ANGELES, April 19.—The lumber steamer Phyllis, which crashed against the rocks at Point Vicente in a fog early yesterday, is today being towed to San Pedro by the McCormick steamer Wapama, which went to the aid of the vessel. The damage to the Phyllis was slight and can be quickly repaired.

## TO THE FRONT! Men Have Gone Women Are Coming

But it is the Young or Young Looking Women Who Win.

Today the world is overflowing with opportunity for the woman who is capable, active, youthful—or the woman who looks the part. Gray hair, the appearance of age, is passed by. Unfair, yes, but it is a condition which has to be met.

Thousands of women have found a way out by using Q-ban Hair Color Restorer. Not by dyeing their hair because Q-ban is not a dye, but through the natural, gradual way in which it restores the youthful color. Try it if your hair is gray, streaked with gray, or faded. It will do the same for you.

Q-ban has no disagreeable features. It will not rub or wash off or stain the scalp. You can shampoo or wave the hair as usual. It also eradicates dandruff and keeps the hair healthy. Guaranteed to satisfy or money refunded. Easily applied by simply brushing or combing through the hair.

Getting Rid of Colds. The easiest and quickest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value fully proven. No matter what remedy you use, however, care must be taken not to contract a second cold before you have recovered from the first one, and there is serious danger in this. A man of middle age or older should go to bed and stay in bed until fully recovered. It is better to stay in bed three days at the start than three weeks later on. For sale by Good Bros. ## TO HOLD FUNERAL OF JUDGE AT HOME

Funeral services for the late Judge John Ellsworth will be held tomorrow afternoon at 2 o'clock from the Ellsworth home, 2099 Central avenue, Alameda. In keeping with the rugged simplicity of the jurist's nature, the funeral will be a simple service conducted by Dr. Frank S. Erush, former pastor of the First Presbyterian Church here and now a Berkeley divine, who was for many years a neighbor of the judge and a close friend. The various orders to which the jurist belonged, including the Masonic order, Athenian-Nile Club, Joe Hooker Post (G. A. R.) and the Alameda County Bar Association, will have no official part in the ceremonies, the members attending as private citizens and individual friends of the deceased. The funeral will undoubtedly be one of the largest attended in the history of the city. It is requested that flowers be omitted. The burial will be private.

## Relieve Your Indigestion With A Laxative

Dyspeptics know that indigestion is accompanied by constipation, and that until the bowels can be regulated so they will act freely and naturally every day at a stated time, swallowing dyspepsia tablets is of little use.

A great and growing number of sufferers from this trouble find immediate and then permanent relief by the use of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. The laxative herbs act on the bowels and the pepsin and extracts on the digestive tract, forming an exceptionally effective laxative- tonic.

It is a combination that has been found wonderfully helpful in indigestion, constipation, biliousness, headaches, bad breath, belching and gas on the stomach. A small dose is all that is required.

The druggist will refund your money if it fails to do as promised.

**NO INCREASE**  
In spite of enormous increased laboratory costs due to the war the manufacturers of Dr. Caldwell's Syrup Pepsin are absorbing their profits and absorbing the war taxes, so that this family laxative may remain at the pre-war price of 50c and \$1 a large bottle. No sold by druggists for 26 years.

**FREE SAMPLES**—Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in America. If you have never used it, send your address for a free trial bottle to Dr. W. Caldwell, 168 Washington St., Montclair, N. J. If you have babies in the family send for a copy of "The Care of the Baby."

## Back to Nature Life Ends in Jail Young Matron Spins Weird Tale

LOS ANGELES, April 19.—Telling a remarkable story of elopements, back to nature life in the mountains, and a weird attempt to kill herself, Mrs. Mildred Cole, 15 years of age, is under arrest today on a charge of grand larceny.

She is alleged to have stolen jewelry valued at several hundred dollars from a home in San Diego in which she was employed as a domestic.

Tiring of what she thought was a humdrum existence and longing for the gayety of the city, she eloped from her home in Compton with Henry Cohen, whom she married. After a short life in Los Angeles they eloped to a home in the mountains where she lived with him and she left him.

She tried to go back to her home, but her father would not admit her. Then, despondent, she decided to end her life by starvation and went into the mountains of California. There she wandered for a month.

## BERKELEYANS VIEW BIG TRIBUNE FILM

Berkeleyans this week are learning how a newspaper is made at first hand. They are accompanying O. J. L. Evers on his tour of the Tribune plant in the great newspaper film, "How a Great Newspaper is Made," now being shown at the Berkeley T. and D. Many are seeing themselves in the film, for among the crowds that witnessed the dedication of the mammoth TRIBUNE plant were many Berkeley visitors, who are all on the screen.

The TRIBUNE film, the most remarkable educational picture ever taken, is the first successful motion picture to depict in detail the making of a newspaper. The superb lighting facilities of the new TRIBUNE building made this possible.

O. J. L. Evers, the celebrated film producer, arrived in time to take also the dedication exercises. Every phase of the making of a newspaper is depicted in detail. "Close up" views show every process from report room to press room. The film will be shown at the Berkeley T. and D. until next Sunday at every performance.

A notable bill will accompany the showing of the TRIBUNE pictures at the Berkeley T. and D. Tuesday, tonight and tomorrow will see Frank Keenan, celebrated character star, in "Loaded Dice," and also a Vitaphone and a Harold Lloyd comedy. Sunday, the last day of the showing of the TRIBUNE film at the Berkeley theater, it will be featured with "Amarilly of Clothesline Alley," featuring Mary Pickford and Fatty Arbuckle and Mabel Normand in "The Small Town Bully."

**Kauffman Funeral  
Held in San Francisco**  
SAN FRANCISCO, April 19.—The funeral of the late Leon Kauffman, vice-president of the firm of Greenbaum, Weil and Michaels, who died yesterday, will be held today from the home of his daughter, Mrs. William Howe, 2910 Washington street. Deceased, spoken of as one of the most charitable men in the city, had been confined to his bed most of the time for two months before his death.

## 15,000 PEOPLE TO VISIT DAVIS

Fifteen thousand persons are expected to participate tomorrow in the tenth annual picnic and reunion to be held at the University of California farm at Davis. A varied program of demonstrations and athletic events will be opened at 9 o'clock in the morning and will continue throughout the day until midnight.

An interesting feature of the picnic will be a parade filled with unusual and spectacular displays, including sixteen tractors representing the divisions of poultry husbandry, animal husbandry, pomology, agronomy, veterinary science, farm machinery, civiculture, dairy industry, botany, forging and apiculture.

Forty-six head of stock will march in the parade, while there will be many varied types of tractors from the tractor and implement demonstration now being held at the University farm. One float in the parade will contain two bull calves and a team separator which have been donated to be auctioned for the Red Cross.

Tomorrow's program will open at 9 o'clock with a tennis tournament, the other events of the morning to be as follows: 9:30, stock judging; 10:00, demonstrations of farm work; 11:00, swimming races and water polo.

During the lunch hour of from 12 to 1 o'clock a military band will furnish music, while a parade of floats and champion livestock will begin at 1:30 in the afternoon.

Two hours of entertainment for women are scheduled to begin at 2:30 o'clock, including demonstrations, lectures and moving pictures. Contests between the students, a baseball game and tug of war are other events scheduled. In the evening there will be dancing in the dining hall at the farm, with music by two orchestras.

**Oakland's Triple Ship  
Launching Film, T. & D.**

When the Moore Shipbuilding Company launched three vessels virtually at the same time recently there was established a precedent in the ship construction world that created a sensation. Because of this the launching was made an event of more than ordinary importance by the moving picture camera, and it was saved for posterity and for the entertainment of those who could not be present. The films recording this Oakland history-making event are now being shown at the T. & D. and are creating much interest.

system of double elections is largely responsible for  
the loss of competent men in public office is  
obvious; but perhaps other reasons contribute to  
the deterioration. At any rate the condition is  
plainly discernible and calls for serious attention  
on the part of the people.

## UNSURVEYED COAST LINES.

THE TRIBUNE recently called attention to the  
slow progress the federal government is making in  
surveying the Pacific Coast of continental United  
States; to the inadequacy of present surveys and  
the frequent shipwrecks, with attendant loss of  
life and property, that has resulted from govern-  
mental neglect. In continuation of this subject, it  
would be very much worth while for those inter-  
ested to read the report of Colonel E. Lester Jones  
of the United States Coast and Geodetic Survey  
on the Alaskan coast and waterways.

California and other Pacific Coast States carry  
on a large and growing trade with Alaska. Hun-  
dreds of ships leave San Francisco bay annually  
for Alaskan waters, carrying Californians as mem-  
bers of their crews, as business men and tourists.  
The only way to reach Alaska is by water, and  
the coastal waters of the North are studded with  
treacherous rocks, pinnacles that extend from the  
bottom of the sea to within a few feet of the sur-  
face. Currents that have not been examined and  
mapped conspire with these terrors by throwing  
ships out of their course and the narrow channels  
that have been but scantily marked.

Alaska was purchased from Russia in 1867 for  
the insignificant sum of \$7,200,000. In the fifty  
years that has followed only \$3,995,906, an aver-  
age of nearly \$80,000 a year, has been expended in  
plotting coast waters. During the same period  
the exports from Alaska have amounted to \$708-  
000,000, reaching the high mark of \$94,709,350 in  
1917. The imports to Alaska in the past fifty  
years have totaled \$412,400,000, reaching the high  
mark in 1917 of \$44,481,600.

Thus the total value of the trade of Alaska for  
the fifty years of American sovereignty has been  
\$1,120,400,000. Last year it amounted to \$139-  
000,000. The federal government has expended an  
amount equal to about three-tenths of one per cent  
of the value of the commerce to make it safe and  
consequently has left it unsafe.

During the fifty years above mentioned 425 ships  
have been lost in Alaskan waters, with a loss of 500  
lives. During the twenty years from 1898 to 1917,  
in which more extensive, though not complete, data  
was compiled, 224 vessels were lost, a tonnage of  
\$7,243 tons, valued at \$10,659,950, with the sacri-  
fice of 280 lives. Of these ships 156, or 70 per  
cent, were lost by strandings. As the Alaska coast  
is practically unsurveyed the strandings were un-  
avoidable, but, as Colonel Jones writes, they  
undoubtedly could have been largely prevented by  
accurate surveys.

The government has appropriated \$35,000,000 to  
build railroads in Alaska, over \$2,000,000 for con-  
struction and maintenance of military and post  
roads, bridges, etc. It will spend additional  
millions to aid the development of resources and  
transportation facilities in the interior. But at the  
present rate of surveying the coast waters and  
navigable rivers it will be about 200 years before  
the preventable hazards to navigation are elimi-  
nated. Commerce is certain to increase greatly in  
the coming years and the dangers of loss of ships  
will grow in proportion. In 1917, 3963 vessels, with  
a tonnage of 1,818,312 tons, entered and cleared at  
Alaska ports.

From the Canadian boundary line to the farthest  
north American island it is nearly 3000 miles.  
Along this stretch of roughly thrown coast there  
are 465 islands ranging in area from one square  
mile to 5000 square miles, and innumerable smaller  
islands and exposed rocks. The coast lines around  
these islands and along the mainland is over 26,000  
miles, or 6000 miles more than the entire Atlantic,  
Gulf and Pacific coasts of the continental United  
States.

Congress and the government should realize the  
extent of the job of surveying the Pacific Coast  
and Alaskan waters and approach it with the  
vision and the methods it deserves.

The death of former Judge John J. Ellsworth,  
for fifty-one years a resident of Alameda county,  
ends the career of one of the county's most useful  
citizens. Judge Ellsworth was on the superior  
court bench for twenty-four years. During these  
and the other years he was a resident of California  
he gave generously of those services that make for  
good, constructive citizenship. Of sturdy New  
England stock, he was ever an example of industry,  
just consideration for his fellow man and the spirit  
of charity that is satisfied not by dispensing gifts  
of money alone, but which calls for personal effort  
and attention in helping the unfortunate. Of him  
it may be said that he never slackened in the full  
performance of his duty as a helpful member of the  
community until a few days before his death. More  
cannot be said of any man.

When disloyal act or utterance is proved against  
a teacher in the public schools he or she must be  
dismissed forthwith. No explanation or extenuat-  
ing circumstance of birth and blood is possible.  
That teacher who is not loyal in heart, mind and  
outward manifestation to the United States is  
either an enemy sympathizer or afflicted with  
foolish egotism or craving for notoriety that makes  
him unavailable as a public servant. His use-  
fulness as such is ended for all time. Complete  
exoneration of charges of disloyalty or instant dis-  
missal is the only practicable course for the school  
authorities.

## NOTES AND COMMENT

It has been noted that many towns  
and smaller cities have been fore-  
handed in meeting their Liberty loan  
quota. This is gratifying for two rea-  
sons: It indicates their prosperity as  
well as their patriotism.

By their names ye shall know them.  
But we didn't know Dr. Chandra K.  
Chakravarty till he was put on trial  
for sedition, notwithstanding a very  
unusual moniker.

The fact that Commissioner Merritt  
put on overalls and went down into  
the smelly place that necessarily ex-  
ists wherever fish are handled to see  
how it is for himself is really en-  
couraging. Heretofore long-distance  
language has been too much relied on  
to solve the fish problem.

It is a reformatory idea to instruct  
state prisoners in useful trades and  
professions but there should be dis-  
crimination. One who was taught to  
be a chemist was thus enabled to  
manufacture incendiary bombs. Af-  
fording another confirmation of the  
saw, "A little learning is a dangerous  
thing."

The despatch that announces the  
opening of the baseball season in the  
war zone, which occurred on the 17th  
instant, is evidence of the ruling pas-  
sion strong in the face of death. There  
are twenty-six clubs in the league,  
whose teams are all American soldiers.

Now that the Governor has set the  
fashion are we to look for the others  
who have consumed so much time  
thinking it over to announce them-  
selves?

After all that has been said by  
Paladini and charged by Weinstock  
here comes E. Borzone and J. Pa-  
lancio with the representation that  
profits of fish dealers are too small.  
As a rural dealer once put it, this  
fish question "extends pretty far!"

The late Bolo Pasha was a man  
easy to please. When he was being  
banged as the final attention  
before the firing squad was given the  
word, he declared, "I am delighted!"

At Marysville they are going to the  
root of the matter. Many pledges  
are being made by residents not to  
purchase German goods. Just at  
present there may be none to pur-  
chase, but we all remember when  
"Made in Germany" was stamped on  
many articles offered for sale in this  
country. These pledges are undoubt-  
edly to forestall the recurrence of  
such a condition.

Fifteen ships were torpedoed last  
week in British waters. But com-  
merce seems to have proceeded never-  
theless. There arrived safely 2211  
ships and 2456 departed.

We are getting a taste of centralized  
government. Instead of being ob-  
noxious, in many instances it is ac-  
cepted unquestionably. The federal  
treatment of vice conditions is not  
proving protests from orderly citi-  
zens.

We are now to have the official  
particulars of the Austrian peace let-  
ters. Undoubtedly they will enable  
them, Kaiser to worry the Emperor  
some more.

Lodi comes at it in a new way.  
The municipal trustees have ordered  
an electric sign placed at the main  
entrance thoroughfare of the town  
bearing the inscription, "Lodi for 100  
per cent Americans." That the  
American sentiment is becoming in-  
tensified is manifest in many ways.

If a decision could be arrived at  
over there we might find time to  
realize that the Oaks are steadily  
pressing back the line over here.

There is a considerable movement  
on the part of those endowed with  
names that do not sound pleasant to  
Americans to have them legally  
changed. It is published that two of  
these had been struggling under the  
onomatopoeia of "Kaiser." It will be ad-  
mitted without further discussion that  
they had cause for action.

The Tulare Register evinces a de-  
sire to keep the procession moving:  
"We are woefully ignorant concern-  
ing the domestic affairs of movie  
stars, and will confess that we don't  
know whether Theda Bara is or is  
not married, but in either case we  
should like to see her spread her net  
for Nat Goodwin, who will soon be  
among the 'hottest' in the movie  
market."

## SPIRIT OF THE STATE PRESS

If the people and electors of Marin  
and Sonoma county ever expect to  
drive from San Rafael to the Hen  
City, they should get busy and drop  
Governor Stephens a letter advising  
him how the State Highway Com-  
missioners have neglected Marin and So-  
noma counties and permitted the main  
county roads, after taking them over,  
to become impassable.—San Rafael  
Independent

A water carnival is being planned  
at Atascadero to be presented on the  
lake there sometime next June. A  
stage will be built in the lake for the  
production of "The Mikado," which is  
to be produced one afternoon and  
evening. Besides this production  
there will be a program of aquatic  
sports, the persons having this part  
of the program to come from the  
Olympic Club, San Francisco.—San  
Louis Obispo Tribune.

Frederick G. Schiller, director of  
the municipal orchestra, will not be  
discharged because he is a German  
alien. Instead, the Auditorium com-  
mittee decided to raise his salary from  
\$100 a month to \$200. The motion,  
as originally made by Gallagher called  
for an increase to \$250. Hayden, as  
chairman, protested and called atten-  
tion to the defunct franchise money  
at the defunct concert monthly  
concerts. Finally, Gallagher  
agreed to a monthly sum of \$200, and  
the motion carried by the votes of  
Gallagher, Braddon and Welch. Hay-  
den voting no. Hayden says he will  
propose at the next meeting of the  
board to discontinue the concerts.—  
San Francisco Journal of Commerce.

## LIBERTY'S FIGHTING BROOD—MAKE 'EM GROW!

### TODAY 20 YEARS AGO

Senator Eli Denson lost the ex-  
clusive right to supply books and  
other reading matter to the thousands  
of passengers who traveled on the  
Southern Pacific trains west of El  
Paso and Oregon.

Professor George Davidson ac-  
cepted the appointment of professor  
of geography in the College of Com-  
merce tendered him by the Board of  
Regents of the University of Cali-  
fornia.

Mr. and Mrs. F. M. Smith enter-  
tained students of the Pacific Theo-  
logical Seminary.

The Berlin correspondent of the  
New York World cabled that "It is  
becoming more and more evident that  
Germany will cordially follow Eng-  
land's lead in the treatment of deli-  
cate questions of international law,  
especially concerning commerce on  
the high seas, rather than the lead of  
Austria or France."

### THE GUILT OF PARIS.

Perlin blames Paris for the killing  
of scores of women and children dur-  
ing the shelling of a church. Only a  
few city would put a house of  
prayer right in the path of the Chris-  
tian-like shells of the ally of the  
Lord.—New York World.

### GENERAL A BIGAMIST.

The Chinese general, Wu of the  
Province of Kiangsi, is a famous man  
and a Christian. But unfortunately,  
though an ardent supporter of the  
Methodist Episcopal church, he is not a  
member because of a matter of two  
wives, neither of whom he is willing  
to discard. Both the women and all  
of his children have been baptized, but  
the general gives a simple and very  
human explanation of why he will not  
renounce one wife and receive baptism  
and a full membership within the  
church. "One of these women is the  
mother of my children," says he. "I  
cannot desert her. The other is young  
and beautiful and I love her." So the  
old general contents himself with  
holding preaching services for his  
troops on Sunday and mission work  
during the balance of the week.—  
Methodist Centenary Bulletin.

### WHY DAUB THE FLAG?

Ever on a in a while you read of  
the inhabitants of some village get-  
ting together and forcing people who  
have been guilty of traitorous utter-  
ances to kiss Old Glory. Wouldn't it  
be lots better to throw these dis-  
loyal persons into jail for a while  
and not desecrate the flag by the  
touch of such lips.—Baltimore Star.

### THE JESTER

#### Good Riddance.

Landlord—Sir, the other tenants will  
not stay if you insist on playing the  
cornet.  
Mr. Toots—I'm glad of that. They  
were very annoying.—Exchange.

#### In Fond Remembrance.

"His last words were of you."  
The prodigal son-in-law tried to feel  
as solemn as he looked.  
"Might I inquire what they were?"  
"No, might. He said if he could get  
one good bluff at you he would die  
happy."—Boston Transcript.

#### The Other Kind.

"Have you any wax?"  
"Sealing?"  
"Cellophane? No, floor."—New Haven  
Register.

#### The Substitute.

"We no longer have the soliloquy on  
the stage."  
"No, the telephone conversation has  
taken its place."—Louisville Courier-  
Journal.

#### Safer Guide.

"Do you study the bill of fare to see  
what you are going to eat?"  
"No, I study the almanac."—  
Washington Star.

## BOND SALES ARE NOW WAY OVER BILLION

WASHINGTON, April 19.—Subscriptions to the Liberty Loan were raised to \$1,161,510,050 by additional reports today at the Treasury.

The reports told of preparations throughout the country for observance of Friday, April 26, as Liberty Day under President Wilson's proclamation asking communities to arrange patriotic celebrations to boost the loan. Preachers are making preparations for special sermons next Sunday on behalf of the loan. Arkansas was added today to the headquarters roll of state that have exceeded their quotas.

## Will Open Drive on Roadhouses Contra Costa Official to Act

Clean up of the roadhouses in Contra Costa county, especially those between Oakland and Richmond, is promised by District Attorney T. D. Johnston of Contra Costa county and Mayor W. L. Lane of Richmond in statements issued today, following their receipt of letters from L. E. Grant, executive of the State Law Enforcement League, making specific charges against certain roadhouses, rooming-houses and saloons.

District Attorney Johnston stated that red light abatement actions will be filed immediately against the Grand Central roadhouse, San Pablo and Potrero avenues, El Cerrito, and against a house at 119 Contra Costa avenue, one of the places mentioned in Grant's affidavits. This is within the city of Richmond.

Mayor Lane announced that he will be glad to work with Grant in cleaning up any immoral places that may exist in Richmond. He stated that the so-called segregated district in that city had been closed for two years and that the police have proceeded vigorously against persons who attempted to open houses of ill-repute.

Chief of Police J. H. Nedderman of Oakland was still waiting today for Grant to swear out complaints or to send his assistants to do so, in accordance with the agreement reached at a recent conference. He received a telegram from Grant today stating that he was seeking to have Miss E. May Stebbins, the girl investigator, who played the part of entertainer in Oakland cafes, return from Los Angeles to swear to a complaint.

The police and district attorney's office are investigating charges made by Grant yesterday that a certain rooming house in Oakland is being operated in violation of the red light abatement act.

## ROLPH WIRE YET JANGLES G. O. P. RANKS

Ray Benjamin, acting chairman of the Republican State Central Committee, on his return from the Hays harmony meeting in Los Angeles, today jangled the G. O. P. ranks with a despatch, not a lecture. Percy V. Long, chairman of the Progressive State Committee, who also returned from the Los Angeles harmony meeting, said that the Rolph despatch "was an impertinence." Long and Rolph have been at odds politically for some time. As Mayor Rolph is somewhat of a fighter, these sarcastic references to his Hays banquet message may have a tendency to hasten his decision in the gubernatorial contest.

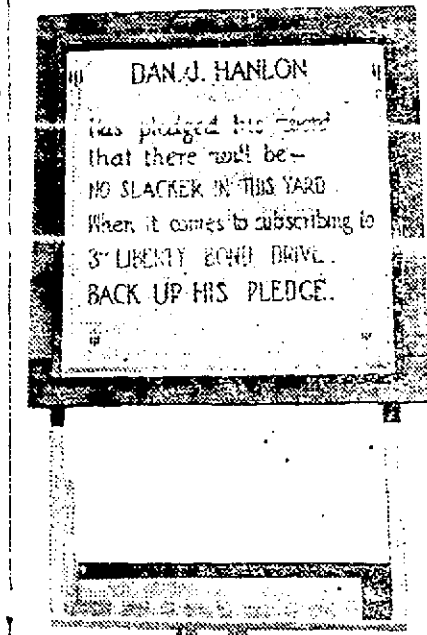

## STUDENTS OF SCHOOL HAVE NEW WAR TASK

Oakland school children are finding much to do these days aside from their direct application to studies, for there is Liberty Loan and Thrift Stamp campaigns, and Red Cross work to occupy their attention. Also spare moments are being employed by work on the "Keep the Flag Up" essays written in connection with the movement started by the Oakland Rotary Club and furthered by the THRUWAY through the offer of a series of prizes consisting of three fine silk flags for each division defined below to be given to the school which shall present the best composition by an individual pupil on the subject, "Why Keep the Flag Up." The conditions in this essay contest are as follows:

HIGH SCHOOL.

"The first prize, a fine silk flag, offered to the high school presenting the best composition of 200 words by an individual student on the above subject. Second and third prizes, also smaller silk flags, will be offered to the high schools presenting individual compositions rating second and third. Any school may win but one flag.

When the third Liberty Loan drive is finished the men who toil in Dan Hanlon's shipyard are going to point to the fact that they have enabled the "Old Man" to make good on his word. This picture of a sign in the yard explains what the "word" is.

## HOCH KAISER GROUP TO SEE JAIL MONDAY

Upon receipt of the Superior Court remittitur in the case of the ten Germans whose appeals from the sentence imposed by Police Judge Mortimer Smith was denied by Judge James G. Quinn yesterday, the defendants will be committed to the city prison next Monday. It is possible that habeas corpus proceedings may be brought following their commitment. The remittitur was sent out by Clerk Louis Rudolph of Judge Quinn's court today. Upon its receipt the police will make the arrests on the commitments of the Police Court.

Those who are now at liberty on bail and who will be taken into custody are: Dr. Heinrich E. Franck, D. L. Schubert, C. Hofman, Henry Loeffler, Kurt Wilkie, C. C. Holzel, Matthew Isenbren, Gustav Lindemann, C. E. Schilling and William Duesing.

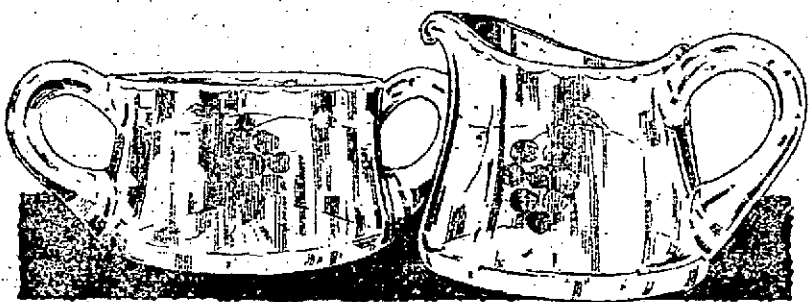

Shipyard Riggers  
Are Purchasing Bonds

Shipyard Riggers' Union No. 15,678, voted at its last regular meeting to buy \$500 worth of Liberty Bonds. Every member of the union has made individual bond purchases. The union's slogan is "Behind the Government right up to the hilt."

BUY LIBERTY BONDS.

VALLEJO, April 19.—The members of Vallejo Council, No. 13, Y. M. I., has voted to invest in another Liberty Loan bond, a warrant having been drawn for \$500 with which to secure the bond. The local Y. M. I. already owns two bonds amounting to \$1,500. As individuals the members of the council are taking many bonds.

FIFTEENTH AND CLAY

Your  
country needs  
your money  
today!

It seems to me that if the Democrats expect to win we must nominate a man like Henry, who can gain support outside the party," he said yesterday.

He has a state-wide following, whereas Mr. Woolwine, however esteemed he may be in Los Angeles, has no following outside that county except such acquaintances as he has made on his tour. We had a sort of council of southern Democrats in Los Angeles yesterday, and there is no question that the strong men of the party, in Los Angeles as well as in the rest of the state, are for Henry.

This statement by National Committeeman Dockweiler is far from pleasing to the supporters of Thomas Lee Woolwine, who declares that it is an unusual procedure for a representative of the Democratic National Committee to represent to representatives of the party, to take sides in a political contest prior to a primary election. His attitude, they claim, is directly in contrast with that of National Chairman Will H. Hays of the Republican Committee, who declares that it is the sole province of national committees to elect and not select candidates.

Reports from the south illustrate the harmonizing qualities of National Chairman Will H. Hays. He succeeded in bringing together P. T. Eary and Captain John D. Fredericks, Willis H. Booth and former Lieutenant-Governor Wallace, and others who have been equally far apart.

Isidor Dockweiler of Los Angeles, Democratic National Committeeman from California, who was one of those who attended the famous Hays banquet in Washington, when the former guest prosecutor was invited to become a Democratic candidate, has read a message of allegiance. In an interview he states:

ROMANIC TALK HAS  
TIMELY SUBJECT

John Cowper Powys, noted Welsh author and lecturer, will lecture on "Democracy and Aristocracy" in the Auditorium ballroom tonight. The lecture is the third of a series of four he is delivering here under the direction of Paul Elder. On account of its being a topic of unusual interest at the present time, the lecture has aroused much interest and tickets are selling rapidly at Sherman & Clay's. Powys will discuss Walt Whitman at his last lecture in Oakland next Thursday evening.

FORMING CHERRY  
FETE COMMITTEES

SAN LEANDRO, April 19.—Committees to arrange for the Cherry Carnival to be held here the latter part of next month as a benefit for the Red Cross will be appointed at a meeting to be held in the City Hall Tuesday evening. The carnival will be the first of the kind to be held here in six years, and it is planned to make it as attractive as the other cherry harvest festivals that have been brought visitors to this city from all over the state. A date for the carnival will not be set until it is known when the cherries will be ready to harvest.

"It's great what a difference clothes make in a fellow. Here I would have been pining around in that shaggy old winter suit yet I hadn't found Cherry's. It's great, buying there! You wouldn't believe the variety of styles and patterns you can get on easy terms. I can't understand it unless it is because, having so many shops on the Coast, makes it possible for them to give better values. A little down and a little each week and you can wear a suit as classy as this one I have on. Try it!" Cherry has two stores—Men's Store at 528 13th and a Women's Store at 515 15th.—Advertisement.

## SOCIETY Revelations of a Wife

Telegrams received by Mrs. Clarence Hurrell of Piedmont Wednesday evening announced that the marriage of her cousin, Miss Holly Mallett and Lieutenant Merton Clarence Wade, Jr., would take place last evening at the home of the bridegroom's parents, Mr. and Mrs. Merton Wade, whose home is at Texarkana, Texas. Present at the ceremony were members of the bridegroom's family and Mr. and Mrs. Holland Mallett, the bride's parents. The honeymoon trip of the naval officer and his bride will be spent in Virginia and in New York.

Lieutenant Wade is a graduate of Annapolis, while his bride was educated in local girls' schools. The announcement of the betrothal of the couple completely surprised even their immediate friends.

This evening in the Hotel Oakland Miss Clara Alexander will give a concert and will be assisted by several well-known artists, among them Miss Sparrow, Sparrow, Schiller, Mrs. Robert Kerr, soprano, of San Francisco, and Holister Booth Maguire, tenor, of Oakland. Introduced this evening will be a new war song, of which Miss Alexander is the composer, "What Boy of Mine," which will be sung by Mrs. Kerr, K. C. B.'s poem on the Liberty Loan will be given by Miss Alexander. These will be the features of the program, besides the reading of Southern dialect songs, selections and plantation melodies.

The affair will be a concert variety and dance, 100 officers to be guests for the evening.

Among those who will attend the concert and dance are Mr. and Mrs. Tyler Henshaw, Mr. and Mrs. Percy Murdock, Mr. and Mrs. Howard Hamilton Hart, Mr. and Mrs. Paul O. Tietzen, Mr. and Mrs. George Wellington Emmons, Mr. and Mrs. Edward Letts, Mr. and Mrs. Isaac Regus, Mr. and Mrs. Henry Kennedy Jackson, Mr. and Mrs. Hermann Krusi, Mr. and Mrs. Thomas Arthur Rickard, Mr. and Mrs. H. H. Sherwood, Mr. and Mrs. Glenn C. Barnhart, Miss Letta MacCartney.

Mrs. Charles Gardner was entertained at luncheon recently by Mrs. William Jay Conroy, and places were laid for the guest of honor, Mrs. Gardner. Mrs. Wade Williams, Mrs. Chas. Stone, Mrs. Charles Mitchell, Mrs. E. L. Blison, Mrs. P. L. Parkhurst, Mrs. James Northman, Mrs. Edward Price, Mrs. Roy Wolford, Mrs. M. A. Preston and Mrs. Martha Hebbard.

When Mrs. Rudolph Wengeman returned from San Diego to Alameda she brought with her news of the marriage of her daughter, Miss Laura Wengeman, and Ensign Wilford Traphagen, son of Mr. and Mrs. Oliver G. Traphagen. Rev. Mr. Thorpe of the Congregational church officiated, the ceremony taking place last Monday at 10 o'clock.

Traphagen is with the naval reserve and will leave for the East the end of the week, after which his bride will return to her home in Alameda. Both bride and bridegroom attended the local high school. The bride later attended the University of California and is a member of the Chi Omega sorority.

Signor Antonio de Grassi has become a member of the faculty of Mills College, and as a welcome to him and his wife Mme. de Grassi, Dr. Aurelia Henry Rheinhardt, president of the college, gave a dinner Wednesday evening on the campus. The guest list included members of the music faculty and other prominent east bay artists.

At the Tennis Club in Claremont tomorrow evening Holly Branch of the Baby Hospital Association will give a card party and dance for the benefit of the association. The branch is one of the largest and most popular of the organization, and a very large attendance is anticipated by the members. Mrs. Porter Garnett will have charge of the reservations for the card tables.

CHAPTER LXXV.  
How Dicky Won His Model.  
There was a little silence in the dining room of the "Shakespeare House" after Dicky had proudly said that he was an artist who often sketched in the vicinity. Mrs. Gorman and her beautiful sister, Miss Draper, stared at him with open mouths, which he could not read. Dicky and I were too much astonished at their reception of his remark to say anything.

Finally, Miss Draper picked up the serving tray and hurried into the kitchen. Mrs. Gorman wiped her eyes as she saw her sister's departure. "What a queer," she said at length. "But I suppose your saying you were an artist brought all her trouble back to Grace, poor girl." Mrs. Gorman's eyes threatened to overflow again.

"If it wouldn't trouble you too much, tell us about it," Dicky's voice was gentle, inviting. "Perhaps we could help you."

I looked at him curiously. Evidently Dicky regarded this opportunity as a direct intervention of Providence. From the moment he had caught sight of Miss Draper in the Pennsylvania railroad station in New York in the morning he had raved to me about her beauty and how he wished for a set of illustrations he had been commissioned to do. The coincidence of finding her in this quaint little house to which we had been directed as a place where we could secure a dinner had whetted his interest in her. I had a sudden swift premonition that I should see much of Miss Draper, altogether too much, I told myself.

"I don't think anybody can help," Mrs. Gorman said. "Dicky is just a boy. He's a little fellow, and he's just a boy."

Mrs. William A. Barbour plans on leaving for Toronto, Canada, the first of the coming month to pay a visit to her son and daughter-in-law, Mr. and Mrs. Sam Barbour (Mildred Wells). Miss Anna Barbour is now perfecting herself in a business course and will assist in government work should the occasion arise.

Lieutenant Joseph Killam, who has been transferred to Camp Fremont, has been transferred to Camp Meade, Md. A short furlough of two weeks was passed in a tour of southern California by the young officer and his wife. Mrs. Killam has returned to the home of her parents, Mr. and Mrs. Arthur G. Mason, in Claremont.

**Tehama Divorce Suit Brought to Oakland**  
The divorce suit of Mrs. Adelaide B. Giffin against Arthur Giffin, the preliminary of which were conducted in Tehama county, has been transferred to Alameda county by reason of the fact that the parties to the action lived in Alameda county for a year previous to filing the suit.

Mrs. Giffin charges her husband with desertion, and alleges that he provided only \$90 toward the maintenance of the four-year-old daughter during the year they were separated.

The husband filed a cross-complaint naming three men, Ray Gilmore, Roy Holt and Olat Holt, all of Tehama county, as affiliates.

**Monument Model of French Comes to U. S.**  
WASHINGTON, April 19.—A clay model of the monument erected by the French government to the first three American killed in the war, has been received by President Wilson from Ambassador Sharp at Paris.

**FIRST FLIGHT**  
LONDON, April 19.—Prince Albert recently made his first flight in an aircraft in the course of his duties at a naval air station to which he is attached.

## Clubs

The closing day of the convention of the Second District California Congress of Mothers and Parent Teachers Associations promises to be an exciting one since following the report of the nominating committee this morning the day's session will close with the election of officers. Just who will be asked to occupy the important office of the federation is still a conjecture, since Mrs. C. R. Kelly, present president, refuses the nomination; Mrs. J. George Short, president of the Oakland Federation of Mothers' Clubs has refused the offer of the presidency; but it is still thought by many that she is the "dark horse" in the assembly and may yet be persuaded to accept the office. Upon her refusal to accept such an honor, Mrs. J. Koughan, chairman of reciprocity, was the next proposed candidate and her refusal has left the federated mothers in a wondering state. Late yesterday afternoon the name of Mrs. Charles S. Aiken of the San Francisco district was whispered about the hall as a possible candidate, so that this morning the report of the nominating committee is awaited with keen anticipation.

Six resolutions were submitted by the chairman of resolutions, Mrs. J. George Short of Oakland. They were: First—Resolved that the retiring presidents of the California Congress of Mothers' Clubs be nominated for a second year. Presented by Mrs. O. H. Fischer, president of Lincoln school.

Second—Resolved, That the necessary legislation be enacted at the next legislative session to provide for the proper financing of the kindergarten in the state. Submitted by Mrs. A. M. Tomlinson, president of San Francisco federation.

Third—We desire an amendment to Act 5 in which the term of office shall be two years. No person shall hold office for more than two consecutive terms. Resolved, presented by Mrs. H. G. Tardy, of Oakland federation.

Fourth—Resolved that the Second District California Congress of Mothers and Parent Teachers Associations do on record as favoring the segregation of the blind and deaf. Locating the blind within walking distance of the University of California. Presented by High School Parent Teachers Association of Berkeley.

Fifth—Resolved, That the members of the Francis Willard Mothers' Club desire to raise the educational standard and to increase the efficiency of the entire school system; therefore, do on record as favoring the segregation of the blind and deaf. Locating the blind within walking distance of the University of California. Presented by High School Parent Teachers Association of Berkeley.

Sixth—Resolved, That we urge the immediate appointment of a medical-psychologist by every board of education in cities of 50,000 inhabitants, to encourage and assist the child with special abilities or disabilities; to train teachers to understand the problems of the abnormal and subnormal child; to instruct teachers and parents to watch carefully for symptoms of nervousness, mental defects or physical ailments.

Seventh—Resolved, That the California Congress of Mothers and Parent Teachers Associations recommend to the committee on reconstruction of courses of study in the schools of California the establishment of classes in morals and manners in our high schools. This was an Oakland resolution presented by Mrs. C. E. Mitchell of the Oakland High School Mothers' Club.

Eighth—Resolved, That the California Congress of Mothers' Clubs of the Second District render their every assistance to the end that where women take the places of men, they shall receive the same conditions and compensations for their labor as that received by the men whose places they take. Resolution presented by Mrs. Dan Andker of Oakland.

The federation has now a membership of 29,000 members in the state organization. Honors for the highest membership were awarded: Berkeley High, 183; Emerson school, Berkeley, 104; Washington school, 150.

Resolutions of the nominating and credential committee this morning, Fred Hunter, superintendent of the Oakland schools, addressed the mothers on "The War Problem in the Schools."

Robert Martin A. Meyer and Mrs. H. N. Rowell, national treasurer, will be the speakers this afternoon.

Alla Mira club of San Leandro announced the postponement of their luncheon, which has been held Monday afternoon at the clubhouse.

## Winifred Black Writes about "The Message of the Wind"

"Yes," said the woman in the black dress. "Yes, he would have been ten years old today—if he had lived."

And then we went and bought violets, blue and white, and sweet alyssum, and old-fashioned stock, ink and white, and some lilies, fair and gracious, and full of something sweet, like memory—for we are in California, where the flowers bloom in the winter time—and we went out to the little cross in the hills and laid our flowers upon the grass and all the way home we talked of the little boy who would have been ten years old if he had lived.

I could remember many things about him, for I knew him well, and he loved me very dearly. And we spoke of his chubby little hands and his clear eyes and his light and loving heart, and the way he used to sing early in the morning, like a lark or a robin, and she could not keep from wondering about it all, the woman in the black dress.

DOES HE KNOW?  
"I can't realize it," she said, over and over. "He would have been ten today. Why, it would have been no time at all before he was a man, and he always seemed such a little, foolish, good-humored, happy boy to me. I suppose he would have seemed so to the day of my death, even if he had lived to have a family of his own, and ask me to come and stay with him and do my best to comfort him when his little boy went away to stay."

How little the years seem to me sometimes, and sometimes how much. And she took out an old-fashioned locket that had been her mother's, and looked at the picture in it, and smiled.

"I never understood her before," she said. "I never realized. I wonder if she knows now."

And it was cool in the evening, and we sat by the fire and listened to the wind, and heard, now and then, the soft whisper of the sea, and wondered what they were trying to say to us—the wind and the sea—the two strange brothers who have always so much to tell each other.

Ten years old, he would have been. How often we say things like that, I wonder what we mean by it.

Is he not ten years old today, no matter where he is, just as much as if he were with us in this world that is not always sunshine and laughter? When he left it all behind him, the misery and the disappointment and the cruelty of the thing we call life, did he stop growing, I wonder, or did he begin to grow really for the first time?

How old will he be ten years from now? Will he remember the little toys he left behind him, the ball and bat and the baseball glove that were the joy and pride of his heart, the tennis racket, the books he was so fond of and used to read over and over, word for word, till he knew them all by heart?

The dog that was his, that used to wait for him at the steps of the schoolhouse door. He's gone, too. He ran away after the little boy had said good-bye. Does the little boy know where he is, do you suppose, and does he remember?

Is there much for him to learn in the new life he has entered, enough to keep him very busy, so that he has no time to be lonely and to grieve for those he loves?

WIND AND SEA  
Is there a school there of any kind, and does he like the teachers and bring them flowers that he has gathered in the fields, and shells from the shore of the great sea? And are his lessons hard sometimes, and does he wish again that he could hurry up and grow to be a man?

How many mothers are wondering about it all today, all over the world? It is all very well in the daytime, when there is work to do, and other people to remember. But at night, when the moon shines white upon the ground, or when the clouds scurry over the sky, what is it the wind and the sea are always trying to say?

I wonder if the mothers of the brave boys who have died fighting "over there" in the blood and agony can understand the message of the sea and of the wind.

If it is something comforting, I hope, oh, how deeply I hope, that they can and do. For the years are sometimes very long and some hours are very lonely—so the woman in the black dress tells me, and somehow I think she knows.

## Garis' BEDTIME STORY

(By HOWARD R. GARIS.)  
"What are you making, Nurse Jane?" asked Uncle Wiggle Longears, the rabbit gentleman, as he looked across the kitchen of his hollow stump bungalow day and saw his muskrat lady housekeeper mixing up something in a pan.

"I'm making war or victory bread," she answered.

"What's war bread?" Uncle Wiggle wanted to know.

"Well, in these battle days," said Nurse Jane, "we have to eat hardtack and are fighting the enemy, we must save the best of everything for them as they have it so much harder than we do. And as there isn't enough flour to make the kind of bread we always have had for ourselves, and enough for our soldiers, too, we folks who stay at home must eat war bread, so the soldiers can have the regular kind."

"That's very good, and I'm glad to eat my share of war bread," spoke Uncle Wiggle. "But what is it?"

"Well, war bread is just different," said Nurse Jane. "It has oatmeal and cornmeal and other kinds of flour in it. You wouldn't understand if I told you, not being a cook. It's just war bread, and you shall have some for supper."

"I hope I do," said Uncle Wiggle. "Anything to help win the war, I say, even if it's only buying sticky stamps." So Nurse Jane mixed the war bread, and pretty soon she set it in a warm place in the kitchen to rise, and get big before she baked it.

"Now I'll just run over to Mrs. Wigglesworth, the duck lady," said Nurse Jane, "and show her how to put dough and knit seven when she makes the new socks for the soldiers. The war bread will be all right until I come back."

"I hope you look and see if she has in 'er," everything it needs to make it good." Uncle Wiggle poked his red, white and blue nose under the door of the bungalow, and pretty soon he got to thinking.

"Now I wonder if Nurse Jane put in that war bread everything she ought? She doesn't know much about war even if she does know how to make bread. I'd better look and see if she has in 'er," everything it needs to make it good."

Uncle Wiggle poked his red, white and blue nose under the door of the bungalow, and pretty soon he got to thinking.

**Girls! Use Lemons! Make a Bleaching, Beautifying Cream**

The juice of two fresh lemons strained into a bottle containing three ounces of cream, white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in. Then the lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the best skin softener, smoothening and beautifying.

Just try it! Get three ounces of orchard white at any pharmacy and make up a quart of this sweet, fragrant lemon lotion, and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is simply marvelous! Use the smooth, rough, red hands. Advertisement.

**How Douglas Oil Helps Reduce Your Living Cost**

**BECAUSE it gives real food value to inexpensive dishes, such as fruit and vegetable salads. It takes the place of olive oil at half its present cost. And you will like it better.**

Salads dressed with Douglas Oil are well-balanced, appetizing dishes which satisfy even the heartiest eaters. They help the greater use of perishable foods, which aids food conservation as well as economy.

For shortening, for frying, for seasoning, Douglas Oil excels even butter. And of all the food-fats only butter is so rich in nutritive quality.

**Douglas Oil**

Douglas Oil is made from the heart of corn. Its sweet, inviting flavor makes it incomparable salad oil. Also it provides the nutrition which the body requires in a most palatable, easily digested and assimilated form.

Because only the corn heart is used the supply is limited. A bushel yields only a fraction over a pound. But get it if you can and make the acquaintance of the most valuable of all the rich products we owe to our famous National grain.

**Free Douglas Recipe Book Gives Wonderful Recipes**

The use of Douglas Oil affords such wonderful opportunities for making new and delicious dishes, as well as improving old favorites, that we urge you to secure the Douglas Recipe Book.

Famous food experts, noted for skill in cookery, have compiled standard recipes and invented and collected new ones. Many are based on old-world delicacies which have helped win fame for European cooks. It is attractively bound for your cook-book library.

This book is free—you can secure one from your dealer when you buy a can of Douglas Oil. Or write direct to us or our selling representatives and a copy will be sent you by return mail.

## BRUTAL ANSWER TO PARDON PLEA

GENEVA, April 19.—When Edith Cavell was executed by the Germans a girl friend, Miss Julia Wyss, aged 20, of Geneva, was sentenced to twenty-five years' penal servitude for the same offense. She is now in a Prussian prison.

A petition for a pardon, signed by 3000 women of Geneva, was sent to the crown princess of Germany nearly a year ago. A cold, almost brutal, reply signed by Baron von Stulpnagel, secretary to the crown princess, has just been received. It states briefly that the petition cannot be taken into consideration by the crown princess.

## PRESIDENT HAS SIGNED WOMAN SPY MEASURE

WASHINGTON, April 19.—President Wilson has signed the woman spy bill, it was announced today, designed to cope with the activities of female agents of Germany. It applies to all enemy aliens and the wives of interned German subjects. To put the law into effect the President at the same time signed a proclamation.

It is intimated that this will exclude female subjects of Germany from the District of Columbia and the various military zones into which "unnaturalized" Germans must not go.

# RESERVES OF ALLIES WANT FIGHT WORLD

OTTAWA April 19.—Anxiety as to when General Foch will make use of the allied reserve which it says exists but has not been called upon, is expressed in a despatch from London to Reuter's Agency here.

There is still anxiety as to whether General Foch will make the decisive stroke, now that the British have stood four weeks of hammering by the immense German reserves, estimated at 420,000 men, in a fashion which led the French writers to declare that the British had made "a waste of sacrifice," says the despatch.

"Experts do not indicate the opinion advanced in some quarters that the advance, critical in the northern theater, has been definitely checked. It is probable that the Germans have now obtained the decisive results aimed at, thanks to the extreme stubbornness of the British resistance.

"The battle, in fact, appears to have been following the course of the great battle of the Marne, in October, 1914, which ended at Ypres and in the use for the enemy. There was the no allied reserve. That reserve not exists and has not yet been used. There probably will be continuous fluctuations in the German line for some time to come, but the salient factor in the fighting is the staying power of the British soldiers."

"On the basis of this letter, Director-General McAdoo directed the chief of engineers to postpone work until the end of the war.

is desirous of hearing all interests before making any such order, and he has therefore suggested that a hearing be given within a reasonable time for all interests to appear here in Washington.

**JUDGE AGREEABLE.**

"Judge Lovett, who represents the director-general in this matter, is agreeable to this suggestion, and it is only a question of date.

"I suggest you wire director-general and chief of engineers suggesting you get agreeable to local interests after May 17.

"I have consulted with Phelan and Johnson and they will cooperate."

Sproule's representations of a great drain on labor and materials through the building of the bridge is disputed by the Federal Government, and by those who have compiled figures showing that only 4530 tons of steel will be required, and that by spreading the work over 1918, 1919 and 1920 no drain on labor will result.

## Slaughter Houses at Richmond Inspected

**RICHMOND.** April 19.—An inspection of the county line district slaughterhouses by Dr. Charles R. Blake, city health commissioner, and Sundry inspector J. B. Wyatt of this city, has been completed and a report will be made to the city council. The slaughterhouses of Lewis & McDermott and Wilkner and Golman were passed as satisfactory and sanitary while that of Malvern Korn in El Cerrito was put under the ban and an order issued that no more meat there are until the place has been cleaned in this until the place has been cleaned up.

California Man Will Protest Profits Law	Varnish Firms Must Not Offer Cigar
--	---------------------------------------

WILLOWS, Cal., April 18.—Frank Freeman of Willows today was preparing to leave for Washington to urge a modification of the excess profits tax in order to lessen the burden on tenant farmers.

It is the claim of tenant farmers in this vicinity whom Freeman will represent, that under the excess profits tax law they are forced to pay far higher tax rates than the big business

higher tax than the man who owns his own farm. Under the law as interpreted by the tax authorities, a man who rents a \$100,000 farm and who has a net income of \$40,000 with only \$10,000 actual investment would pay an exceedingly heavy tax. His

If he owned the place he would be given the \$6,000 exemption plus 15 per cent of \$10,000, the value of

Renting farmers maintain this is working a distinct hardship on them.

## WILSON TAKES RIDE IN BIG

## BRITISH TANK

WASHINGTON, April 12.—President Wilson had a taste of what it is like at the battlefield when he took a ride this afternoon in his majesty's land ship Britannia.

After inspecting the big war tank, the first Washington has seen, the President emerged from the hot, smoky, oily interior and the tank went lumbering around the White House grounds with its distinguished passenger.

After a ten-minute tour of the executive ground driveways the tank came to a stop at one of the gates. The steel hatch in the room opened and the President climbed on top. He got to the ground by walking nimbly down one of the caterpillar belts that serve as means of propulsion. He thanked the crew warmly for the experience, which he pronounced most interesting.

**Is After Thieves Who**

**Stole Queen's Jewels**  
Sheriff Julius W. Asch of Honolulu will leave Oakland tomorrow for Key West, Florida, to take charge of two prisoners held there following their arrest in connection with the theft of the crown jewels of the late Queen Liliuokalani, which disappeared shortly before her death.

Sheriff Asch recently arrived in California on a quest of the thieves and traced them to Sacramento, where the trail was lost until word was received from Key West of their arrest.

Sheriff Asch visited Captain of In-

439 Vessels Docked

**Here During March**  
During the month of March 439 vessels arrived at the Oakland docks, according to the report of Wharfinger William J. Masterson to the city council today. The total receipts over the wharves and warehouses was \$9548. The tonnage handled was 69,161, in addition to 17,500.

## Marshes Are Sprayed to Destroy Mosquitoes

With the advent of the mosquito season the city health department has commenced to spray the western marshes with oil to destroy the larva. Commissioner Jackson stated today in answer to complaints made by several civic bodies.

**COMPANY SUMMONED.**  
Acting upon a resolution introduced by Commissioner Soderberg, the city council today cited the San Francisco-

Oakland Terminal Railway to appear before the council next Monday to show cause why its franchise for operating cars over College avenue should not be forfeited. The action was taken, according to Soderberg, to find out what action the company is to take regarding the pavement of the thoroughfare which has been torn up

for more than a year.

## TEN DAYS OF DRIVE ARE SUMMARIZED

By CHARLES F. GRIDLEY,  
Secretary Oakland Liberty Loan Committee.

The third Liberty loan campaign in Oakland has now seen ten business days, during which time \$2,157,700 has been subscribed. Up to the present writing no bona fide subscriptions have been received, the above amount having been subscribed by 10,205 individuals or firms who have been to the banks and actually made their payments.

During the first ten days of the last campaign \$1,721,150 had been subscribed, of which \$1,150,000 were bank subscriptions. In order to get comparative figures the bank subscriptions made during the first ten days of the last campaign and which will undoubtedly be made later on during this campaign, should be subtracted; therefore, it is found that the general public subscribed \$571,150 during the first ten days of the last campaign as against \$2,157,700 during this campaign.

The Oakland Bank of Savings during the last ten days has taken subscriptions from 3313 firms and individuals. During the first campaign in the same period they took subscriptions from only 230. The Central Bank in this campaign so far has taken subscriptions from 3147 firms and individuals as against 210 in the last campaign. The First National Bank of Oakland has a record of 1150 subscriptions to date, against 52 for a similar period of last campaign.

The total amount the subscribers who have appeared at Oakland banks and taken out their subscriptions to date is \$10,208. During the last campaign only 664 subscriptions had been taken up in a corresponding period of time. At the same time, the banks have received no bank subscriptions and practically no subscriptions from business institutions. Many of the stores and factories and other business organizations are holding on their subscriptions, waiting to get 100 per cent of their employees to subscribe. These subscriptions run into very large amounts and will undoubtedly make a strong showing when they begin to be listed at the banks.

Oakland is conducting an ideal campaign as far as distributing subscriptions among many individuals is concerned.

We already have nearly as many subscribers as we had during the entire twenty-eight days of the last campaign. We are having difficulty, however, in getting people to understand that the theory of buying Liberty bonds should be based upon future savings and not upon past savings.

A person who draws out \$1000 in cash to pay for a bond and then does not immediately rearrange his finances so that the money he draws out is put back into the bank is not rendering the full service asked by the government. On the other hand, the person who subscribes for a thousand dollar bond and plans to save from his earnings one hundred dollars a month during the next ten months and then apply the amount on his bond is rendering the kind of service the government expects. Saving money means saving food, supplies and hired labor, all of which the government is in need of.

A systematic vocational canvass is now being arranged among business houses, trades and professions, which is expected to add at least a million dollars to Oakland's fund.

### Mt. Eden More Than Doubles Bond Quota

HAYWARD, April 19.—Mt. Eden, adjacent to this city, whose allotment for the Liberty loan drive now in progress was \$17,000, has reported subscriptions totaling over \$35,000. Mt. Eden is settled largely by people of German and Danish descent and the splendid response of the territory is a matter of most favorable comment. They are first "over the top" with double their quota.

## CITY BOND TOTALS STILL CLIMB SAY OAKLAND MUST SPEED UP

Make Preparations for Coming Week of Song

In the past twenty-four hours \$257,300 worth of Liberty loan bonds were subscribed for in Alameda county and today the four million mark has been passed. The subscription for Oakland in the period in question was \$207,200. Latest tabulations show that the subscription totals of the various towns and cities in the county, together with the allotments, are as follows:

Towns	Quota	Subscription
Oakland	\$6,800,475	\$2,392,900
Berkeley	1,139,125	1,094,750
Alameda	181,125	205,650
Livermore	182,025	155,800
San Leandro	214,125	127,900
Hayward	217,050	100,950
Castroville	76,875	43,350
Pleasanton	87,075	53,350
Alameda	52,350	26,700
Niles	16,425	11,200
Emeryville	24,150	28,000
Warm Springs	41,100	25,100

Total, \$9,442,500 \$4,256,350

Oakland, California—"My City Oakland"—has at last found its counterpart.

At least, such is the opinion of the Oakland Liberty loan committee, based to a great extent upon what is regarded as rather interesting information in the past presented justifiable evidence to substantiate its claim as a city of civic and patriotic pride. At least, this is shown by the records of each of the two Oakland's in question.

It is pointed out that while these conditions have always existed, yet until the present time there has been no real reason for making a striking comparison between the two.

EXACTLY ALIKE

"But," say the officials of the local Liberty loan committee, "on one point they are exactly alike—a point which just now makes them the Siamese Twins of the municipalities of the Pacific Coast, for:

"Both Oakland, California, and Oakland, Oregon, at present have sadly undersubscribed their individual allotments in the Liberty loan drive."

"There must be a jinx somewhere," is the comment of Glenn C. Barnhart, chairman of the local drive.

"With the best canvass that has ever been made of the city less than one-third of 'My City Oakland's' allotment has been subscribed."

Considerable interest was manifested this morning at the Liberty loan headquarters, according to members of the publicity committee, in regard to the coming week of song which begins next Sunday in the local churches and continues throughout the week, concluding on Friday night with a song fest in the municipal auditorium.

WRITES SONG

One of the features of the singing of trench and patriotic songs by the forty song leaders and their choruses which are to handle the details of the programs in the churches, theaters and public gathering places will be the singing of a song written by George A. Cummings, chairman of the publicity committee, entitled "Buy A Bond," the words of which are:

"If you want to win the war  
Buy a Bond.  
If you've bought the two before  
Buy a Bond.  
Hear your Uncle Sammy say,  
'One money talks today.'  
Loosen up without delay,  
Buy a Bond.  
If you think that you would like to do your share;  
If you want to help the boys 'Over

There;  
If you'd like to take a wallop at the Kaiser,  
Buy a bond. RIGHT NOW, buy a bond."

BANKS RUSHED.

Subscribers for Liberty bonds who had not previously "cleared" their subscription cards through the local banks, today are reported to have taxed the banks to the utmost capacity.

The rush to the banks was occasioned by a general desire of thousands of Liberty bond buyers to get their names on the "Liberty Loan Honor Roll" which is to be made public in a few days. In order to accomplish this every one whose name will appear upon the great roll of honor was obliged to visit his bank before the closing hour today and make his first payment upon his bond. Those who failed to qualify in this manner will not find their names upon the honor roll, according to the Liberty loan committee.

Subscriptions from the Chinese of the city began to come into the Liberty loan headquarters this morning. Harry C. Schroeder, chairman of the Chinese division, reported the sale of \$2350 worth of Liberty bonds. This sum, stated Schroeder, is the first installment of a probable total of \$25,000 that will be subscribed by the local Chinese during the drive.

The Chinese Liberty loan headquarters in Chinatown have been established at 364 Ninth street. Schroeder says that every office facility, including phones, records, card index systems and Liberty loan literature have been installed and the branch office of the committee is prepared to handle a big campaign in that district of the city.

INTEREST GROWS

During the first Liberty loan the Chinese of Oakland are reported as having subscribed for \$2000 worth of Liberty bonds, during the second loan for \$5000 and it is generally believed by the committee in charge of the campaign in the district comprising Chinatown that a total of \$25,000 will be subscribed during the present loan.

Those who make up the Chinese committee and who incline toward these optimistic views are W. V. Garthwaite, Sam Kee, Fung Dick, Nat W. Friend, E. Davis, Mar Sue, Lew Hing Shian, Lew Hing, Arthur Kinney, Joseph Nickabaugh, George Harris and Harry C. Schroeder.

Local prominent Chinese who have already bought Liberty bonds are Sam Kee, Mrs. Wong Yow, Mar Sue, Tuck Lee, Lim Shave, Chin Hing, Wong Whoy, Ernest Lung and Wong Hoo.

Tonight at the Oakland Technical high school a big Liberty loan rally is to be held in the auditorium of the building, at which the principal speakers will be Chief White Elk and Lin Choo.

In addition to the patriotic addresses that are to be made by the chief and Church the program will include theatrical talent from both the Orpheum and Pantages theaters and a musical number from the local drive.

The meeting will take place at 8 o'clock and will be held under the auspices of the women's Liberty loan committee, of which Mrs. Edgar L. Ormsby is chairman. Admission will be free.

SCHOOLS BUSY

Oakland's public schools added \$31,900 to the local Liberty loan drive yesterday, bringing the grand total to date up to \$303,950, a figure which the school department regards as being so close to a round million that a new goal will in all probability be set before the week is over.

"Shriners" night will be celebrated at the Liberty loan tomorrow evening, beginning at 8 o'clock. The occasion is billed as a rousing Liberty loan event by George E. Sleener, chairman of the Plaza events, and will include a Shriners' patrol drill at the corner of Fourteenth and Broadway and addresses by Judge Jesse J. Dunn, chairman of the speakers' bureau of the Liberty loan committee, James H. Laferly, E. A. Forrester and Judge W. H. Ward.

The Walnut Grove Creamery Company this morning qualified for membership in the Liberty loan honor roll of 100 per cent institutions, according to Glenn C. Barnhart, campaign man-

Banks Rushed to Take Care of Army of Buyers

every employee, officer and director of the organization having purchased at least one Liberty bond of the third issue. In addition to officers and directors of the company (there are sixty-six employees of the institution) the total subscription for Liberty bonds from the creamery company and its employees amounted to an even \$4000.

NEW BUYERS.  
Great Western Power Company, \$10,000; John Breuner Company, \$5000; Judson Manufacturing Company, \$5000; United Cigar Stores, \$2000; Simon Millinery (Gerwin's), \$1000; Armour & Co., \$1000; The Spire Company, \$1000; S. N. Wood, \$500; Lewis Sample Shoe Company, \$250; Consumers' Compressed Yeast Company, \$500; Frontier Press Company, \$500; Roberts Manufacturing Company, \$200; John H. McMenomy, \$100; and Pacific Tank and Pipe Line Company, \$500, or a total of \$38,250 additional, which, added to the previously reported subscriptions, makes a grand total of \$435,200 to date. The branch house committee has set its mark at a round million of additional reports of the sale of bonds last week by the women's army were filed this morning with the Liberty loan committee by Mrs. Magnus A. Andersen, general of the army, bringing the total sales of bonds by the women workers over the \$100,000 mark. Those whose reports were filed this morning were the majors under Colonel Mrs. Harriet E. Hawes. Their individual sales records were reported as follows: Mrs. C. R. Arz, \$3250; Mrs. James Hamilton, \$12,500; Mrs. W. H. Husband, \$1050; Mrs. John McFarland, \$10,000; Mrs. G. D. Miller, \$1650; Mrs. A. Pennington, \$1400; Mrs. Aaron Turner, \$5000; and Mrs. Robert Sheridan, \$20,200, or a total of \$102,400.

AID EMPLOYEES.  
Employees of the Pacific Coast Shredded Wheat company of this city have been offered the cooperation of the company in aiding the former to purchase Liberty bonds of the third issue, according to a letter received by the local Liberty loan committee this morning. In the letter the company expresses its willingness to arrange for the purchase of bonds for its employees, the company to pay for the bonds and the employees in turn to pay for them on either a weekly monthly installment plan or in the event of success or failure.

## "BUY BOND OR QUIT JOB," SAY S.P. WORKMEN

With threats of violence toward disloyal persons and the drumming out by 1500 Southern Pacific employees of three fellow workers who refused to buy Liberty bonds and said they would do nothing to help the Government, anti-American are likely to give the company's terminal yards in West Oakland a wild birth after this, say officials. Had the indignant employees not found vent for their anger in the drumming-out ceremony, the three offenders would have been roughly handled if not killed, according to W. E. Day, division storekeeper.

The trouble started when Tony Vargas and Edward Souza, two Portuguese, employed as laborers, refused to subscribe for bonds when asked to do so by the committee of men who were canvassing the yards. These two men, it is said, had previously angered their fellow workmen at different times by making disloyal remarks. One or two of the men demanded that they buy a bond or quit their jobs. The two were soon the center of a mob of several hundred men, who threatened to kill them.

W. E. Day asked the men not to use violence, and suggested that the offenders be drummed out of the yards and publicly disgraced, after the manner of drumming soldiers out of military camps. Assisted by W. I. Short, general foreman of the shops, Day succeeded in moving the mob. A procession was formed, with the two men in the lead, followed by the drummers, and Day and Short leading the workmen. Workers in the procession shouted, "We won't work with a snicker! Buy Liberty bonds or fight! You can't work here and not be for America!"

Shortly after this parade Carl Oltzky, a mechanic, employed in the yards, will be said to have refused to subscribe for a bond, declaring: "I won't buy any Liberty bond. Your Government won't get any of my money. I don't believe in the Government."

causes which may make it impossible for the employees to continue payments on their bonds, the company has agreed to complete the payments, or to take them out of the employees' pay at the full par value of the bonds.

## WOMEN JOINING NATIONAL GUARD OF NEW YORK

ALBANY, N. Y., April 19.—Women are to be allowed to join the military forces of the state, becoming commissioned officers and members of the ambulance corps of the Home Defense Reserve, according to official orders issued today by Adjutant-General Shorrliff.

A unit of the ambulance corps of the Home Defense Reserve, under the order, will consist of skilled women operators of automobiles who volunteer with their vehicles for military service. The adjutant-general will pass upon all applications, and if accepted, applicants will be inspected by a guard officer as to their qualifications.

The uniform will be olive drab of khaki material of a pattern to be approved by the adjutant-general's office.

CLOSE RAIL OFFICE.

YAKIMA, Wash., April 19.—C. F. Vandewater, district freight and passenger agent for the Oregon-Washington Railway and Navigation Company here, yesterday received telegraphic orders from headquarters to close his office on April 30. Further details of the order sent by mail have not arrived.

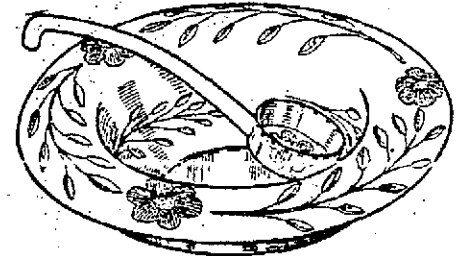

## THREE FOR ONE NOW ALLIES' AIR TOLL ON BOCKE

WASHINGTON, April 19.—Three enemy planes have been downed for every allied airplane lost in the war, an offensive, said an official dispatch received here today.

Enemy planes are brought down each day by the score and nearly 100,000 pounds of explosives are dropped on the enemy organizations behind their lines. On March 26 not less than 36 hostile aviators were brought down and 24 were obliged to retreat. On March 27, 80 airplanes used more than a quarter million cartridges on the masses of German infantry and the men were mowed down by the hundreds.

Details of the order sent by mail have not arrived.
